

Transport made easy

Decide on a Wanzl trolley

YOUR BENEFITS AT A GLANCE:

- Protection of the interior thanks to deflectors
- Sturdy metal construction
- Trolleys are highly agile and manoeuvrable

Highlights **_MADE BY WANZL**

Innovative products from a single source

IN-HOUSE CASTOR PRODUCTION

IN-HOUSE CAD DEVELOPMENT

Production

■ **Wanzl sets the standards for production:** in all production processes, Wanzl's quality policy results in products guaranteed to be made from the best materials, with first-class workmanship and well-finished surfaces. This ensures long-term maintenance-free use and that every investment retains its value.

Quality

■ **Wanzl sets the standards for quality:** particularly with regards to smooth running. The maintenance-free castors are mounted on two ball bearings, have abrasion-proof treads and feature steering forks with ball bearings. As a result, our chambermaid trolleys are quiet, smooth-running and easy to steer.

Innovation

■ **Wanzl sets the standards for innovation:** from practical experience – for practical use. Using cutting-edge production and design technology, we create innovative, forward-looking products and constantly set new standards for handling and effectiveness.

Update your housekeeping

As individual as your guests

OUR EXPERTS TAKE THE TIME THAT THEY NEED

■ Our services:

- Personal consultation with our team of experts
- Easy to reorder spare parts
- 36 months' warranty on Wanzl castors
- 10-year availability guarantee
- Extensive service partner network
- Made in Germany

What is important to you?

*Stability – durability – design –
customisation – robustness – price –
size – flexibility*

■ Benefit from our experience and provide your housekeeping with the best equipment.

Our products are designed for hotel-specific challenges and conditions and provide your staff with optimal support. Especially with our chambermaid trolleys, we always have a suitable trolley for the varied requirements of the establishment. Whether standard, flexible or customised chambermaid trolley – working efficiently is not a question of price. Let us help you find your favourite products. Tell us about your needs, problems and challenges and together we will find a suitable product for you.

Tantum 9 chambermaid trolleys

Robust space saver at a low price

STANDARD

TANTUM 9

Frame in metallic black
Illustration shows optional equipment

■ In an international comparison, the Tantum 9 chambermaid trolley is the most economical. The model impresses with its lack of plastic parts. It is therefore more robust and hygienic. Its rear panel is made of hard-wearing, impact-resistant wood. It also serves as a privacy and dirt screen and, like the side panels and wire shelves, can be retrofitted if required. This means that its durability makes it so economical.

Tantum 9	Order no.
Dimensions	853 x 505 x 1231
Plastic powder coating, black metallic	04.15708.95-7097

ZP Classic chambermaid trolley

Perfect housekeeping

FLEXIBLE

ZP-7 CLASSIC

Anthracite finish
Illustration shows optional equipment

■ The tried-and-tested design from Wanzl.

The special features of the Classic Chambermaid trolley help the room service personnel to provide a perfect service. It can be customised as required by adding practical accessories.

ZP standard equipment and accessories

Choose the items that will match your décor from our extensive range of accessories

Top box

Everything is safe: valuables can be transported safely in the lockable top box.

Small items box

For even better organisation: clear arrangement of guest supplies. Wooden box for small items – with clear varnish, painted in light pearl grey or black.

SmartFix mobile phone holder

A lockable smartphone holder with universal mounting system. The smartphone is locked by means of a two-digit combination lock.

Holder for sanitiser dispenser

The holder is easy to install and serves as a holder for all standard sanitiser dispensers.

Equipment pocket

Accessories for even more space: for transporting additional equipment.

Flexible mop holder

Bulky cleaning equipment is therefore stored safely and securely.
