

SMART EXIT

Convenience and safety in the self-checkout zone

| SMART EXIT

Simple! Quick! Safe!

↑ SMART EXIT ensures a smooth exit

■ **Smart Exit** ensures safety and convenience in the checkout (SCO) area.

Wanzl AI and sensors monitor the self-checkout area, making shopping as convenient as it is safe.

Wanzl AI sensors record, verify and manage processes in the SCO area. After paying at the SCO terminal, customers leave the store via the exit gate. They do not have to scan their receipt. Smart Exit communicates with all Wanzl exit gates and releases the exit.

↑ **INTELLIGENT SENSORS AND AI**
monitor the checkout area

- ↑ **WANZL AI AND SENSORS**
monitor and control
- customer entry to the self-checkout zone
 - customer scanning of purchases
 - exit gate opening

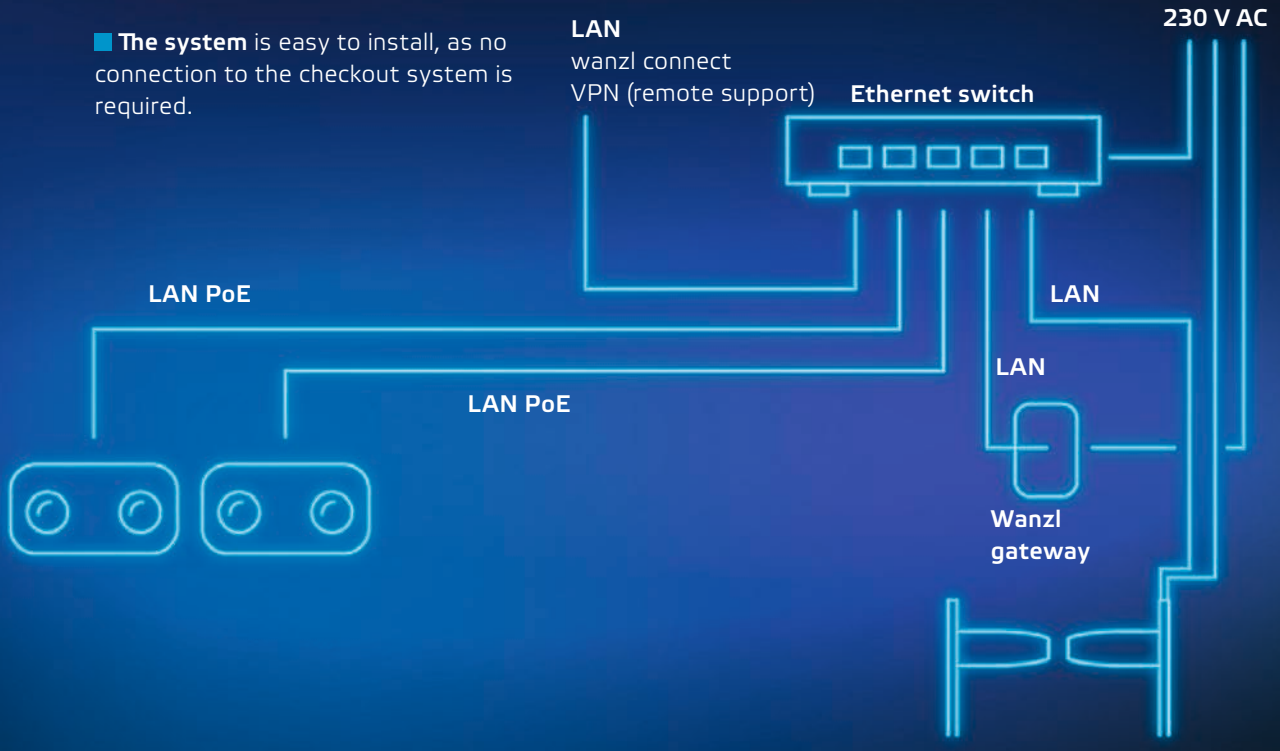

- ← **SCANNING**
at the SCO terminal

SMART EXIT

Installation overview

■ **The system** is easy to install, as no connection to the checkout system is required.

Camera sets

Coverage area per camera:
4.69 m x 2.95 m
Overlap 0.5 m
Mounting height 3.5 m

Set of 2 cameras

Coverage area of camera: 5.40 m x 4.69 m = 25sq.m 2.95 m x 8.88 m = 26sq.m

Set of 4 cameras

Coverage area of camera: 5.40 m x 8.88 m = 48sq.m 4.69 m x 10.3 m = 48.3sq.m

Software packages

BASIC

- Web interface
- Live overview
- Zone visualisation
- Current SCO occupancy
- Customer release
- Exit gate control

REMOTE

BASIC +

- Remote maintenance
- Free updates

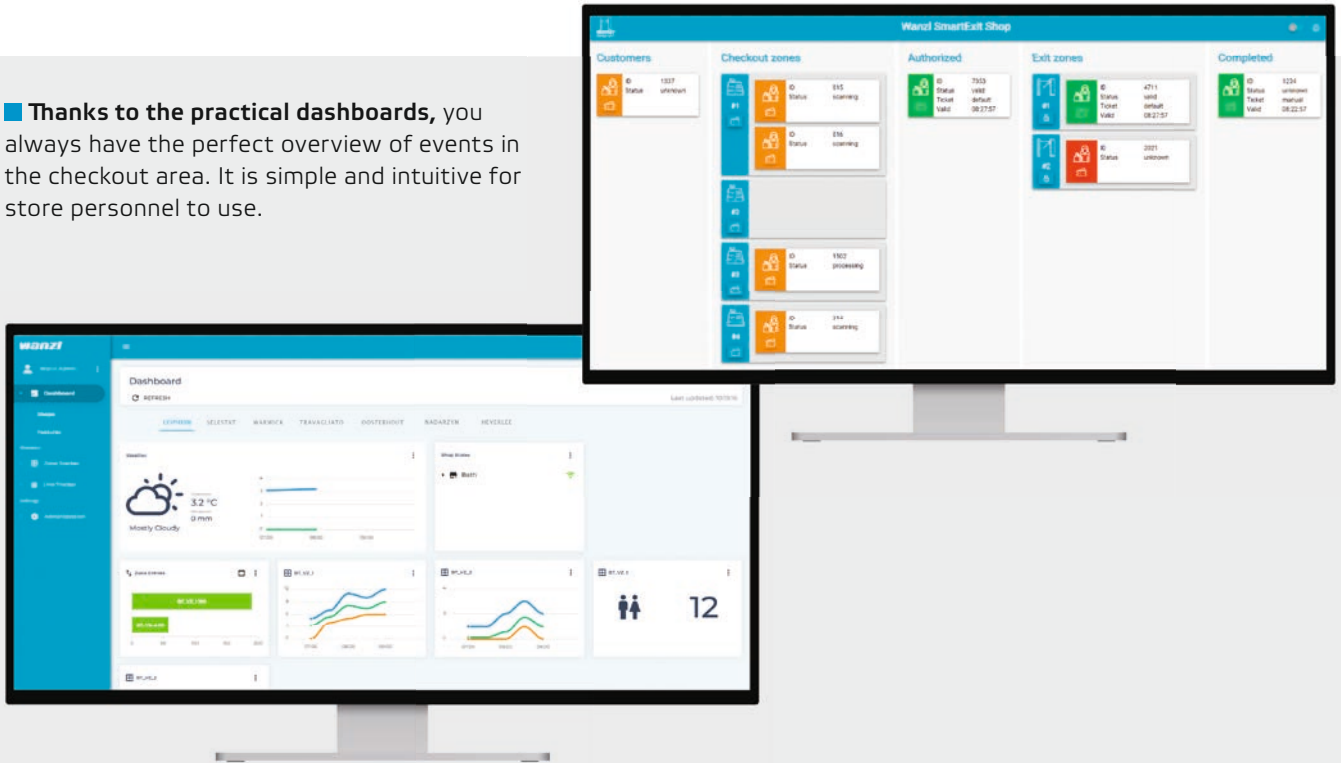

WANZL CONNECT

REMOTE +

- wanzl connect
- Dashboard
- Device status
- SCO analytics module with customer frequency and dwell time

Dashboard

■ Thanks to the practical dashboards, you always have the perfect overview of events in the checkout area. It is simple and intuitive for store personnel to use.
