Access Solutions_made by wanzl

Sirio_Schustermann and Bohrenstein, Munich

■ **For over 50 years**, customer guidance systems such as turnstiles and barriers have been a focal point of the Wanzl product range. High quality and innovative Wanzl security products are in use in all kinds of key locations that require security against unauthorised access, while granting unrestricted access to authorised persons.

■ **The Wanzl product range features** a large number of motor-driven, electro-mechanical and mechanical security products for the control of entrances and exits in sporting and recreational facilities, office buildings and industrial complexes. In addition, they have proven their value in public facilities such as libraries, railway stations and airports. Wanzl offers the optimum solution for various individual requirements, including high pedestrian frequency, sophisticated design and bespoke installation situations. Using appropriate interfaces, connection to security products and time recording systems, coin machines, ticketing systems and other clearance signals is guaranteed.

The background of the page is a photograph of a modern office hallway. In the foreground, there are two turnstiles with stainless steel columns and horizontal bars. To the right, there is a glass railing system with stainless steel posts. The floor is made of large, light-colored square tiles. The walls are white, and there are recessed ceiling lights. In the background, there are glass doors and a blue wall.

*The world is changing.
Take advantage of it!*

■ **Wanzl currently employs** more than 4,900 people at 13 production sites worldwide, working on new areas of business, products and services, ensuring exceptional product design, consistently high quality and a vast production range.

This arrangement results in something that will sustain Wanzl's success into the future ensuring perfectly satisfied customers.

Corporate Facilities

Galaxy Gate and Galaxyport, manroland, Augsburg

■ Corporate access control systems

Protect critical locations while offering fast, convenient access for employees and visitors. With just one Wanzl system, you can easily solve complex facility management issues. The possibilities for recording and analysing data support facilitation of both security and personnel management. Visitor data recording and automatic ticket generation also simplifies visitor management, ensuring a better overview.

Galaxy Gate and Transtec, Generali, Munich

Galaxy Gate MAN, Augsburg

■ **Visitor advantages:**

- Faster, efficient access
- A sense of security while in the building
- Identification via RFID reader

■ **Operator advantages:**

- Employee authentication, including time recording via the personnel management system
- Visual and acoustic warning signals and system closure in the event of misuse
- Easy integration into existing personnel software systems
- Software-monitored, electric motor-driven toughened safety glass swivel arms
- Addresses security concerns as top priority

Leisure Facilities

Galaxy Gate with V21_indoor swimming pool, Weissenfels

■ Entry system with automatic ticket dispenser

Sell tickets, guide visitor flows, and quickly clear the way to the attraction: the Galaxy Gate in combination with the V21 Ticket Machine perfectly achieves all of this. The V21 software records visitor numbers, length of stay, and much more, optimising your processes. Do you just need a system for separating individuals? Then you can also choose the classic Sirio turnstile, as a smaller option that fits well into any entrance area.

Sirio_FitX, Munich

Galaxy Gate_VfL-Fussballwelt, Wolfsburg

V21_Junghans Terrassenbau Museum, Schramberg

Visitor advantages:

- Lightning-fast access without long waiting times
- Easy use with unique signal system & interactive menu on 21" Full HD multi-touch display
- Safe escape route and no accessibility issues

Operator advantages:

- Standardised interfaces
- Specific fare systems can be managed via the ETISS ERP software
- Various payment options
- Highly adaptable in terms of passage width
- Two-way operation allows for entrance and exit via the same system
- Extra-tall toughened safety glass swivel arms as climbing guard
- Customisable design (coating and branding)

Restroom Facilities

EasyGo with ticket machine. Aral, Magdeburg

■ Paid entrance for restroom facilities

Hygienic restroom facilities are essential for the comfort of visitors, travellers and guests. If the facilities are in perfect condition, visitors will feel at ease and stay longer. The EasyGo turnstile with ticket machine enables simple payment-controlled entrance and when used with the voucher system it also generates increased revenue in your store – the software allows you to create a profit analysis at any time.

User Reviews

Customer Feedback

"Access systems from Wanzl are certainly worthwhile. The investment costs for the system were amortised very quickly." After customers have paid the fee to use the restroom facilities, they receive a voucher which they can redeem directly in our shop. Not only does this increase sales in the shop, but it also guarantees that the restroom facilities remain clean. Our customers continuously confirm this system is successful, as many commuters and tourists pay us a quick visit in Merklingen, time after time. We offer a range of products to our customers, including a comprehensive selection of coffee to set them up for their onward journey. They are delighted to use the voucher to make the most of our offer."

Rolf Pohl, Aral petrol station, Merklingen

■ Visitor advantages:

- Easy to use
- Safe, clean bathrooms

■ Operator advantages:

- Attractive stainless steel housing
- Covers cleaning costs for the restroom facilities
- Short amortisation period
- Generates additional retail revenue
- Software enables output of statistics and frequency measurements.

Airport lounge

Galaxy Gate_Airport Lounge_Trade fair stand

■ Entrance system for airport business lounge

Welcome your guests in style with a Wanzl entrance system. The innovative Galaxy Gate offers reliable access authorisation control, and the V21 ticket machine takes over ticket sales for the lounge. A central dashboard displays all recorded data so you can optimise your processes.

■ Visitor advantages:

- Fast, comfortable (24-hour) access to airport business lounges
- Animated graphics make the Galaxy Gate even easier to use
- Clear21" Full HD multi-touch display with intuitive LED active lighting

■ Operator advantages:

- Central operator dashboard, including recording of all events
- Records passenger visit duration, peak traffic times and user structure
- Extra-wide access for disabled users, cleaning staff, etc.
- Customisable system design
- The clear21" Full HD multitouch display can be used for advertising

Galaxy Gate_Airport, Marrakesh
