Chambermaid trolley with electric drive

Premium ZP Drive

Chambermaid trolley with electric drive

■ Housekeeping made easy with a bit of "drive"!

Thanks to the innovative electric drive, large and heavy chambermaid trolleys can be moved extremely easily and ergonomically.

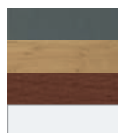

For perfect housekeeping – for satisfied employees and guests.

Standard equipment: steel-tube design, fold-out bars for hanging laundry and rubbish bags, one of which is a bar with a folding lid for closing 120-litre plastic bags. Lower bars, each with grate. Two fixed and two height-adjustable shelves in matching finish.

Surface: Plastic powder-coated in titanium grey.

ZP-9 and ZP-11 models: 4 swivel castors with polyamide tread, 5th wheel in the centre with polyurethane tread.
