Full steam ahead with Wanzl

PLATE TROLLEY 1976

ROLLCRUISER 2011

MUNDUS 2016

■ **At Wanzl, we know what** people will want tomorrow. As a world market leader for shopping trolleys, we also provide the right solutions for Hotel Service. As early as the 1970s, the first Hotel Service products emerged, such as the plate and tray trolleys to optimise day-to-day processes in the hotel and catering trade.

■ **Today, Wanzl employs** over 4,900 employees at thirteen production sites worldwide, working on new business areas and products and on unusual product designs based on consistently high quality and a vast product range. The aim: perfectly satisfied customers.

Specialist expertise for effective work processes

■ **Wanzl has been a skilled partner** of the cruise industry for many years, and with good reason: the high-quality products MADE BY WANZL do their job professionally, and are customised to meet the special requirements on board. Wanzl is now just as much at home around the world on the high seas as it is on land.

Highlights_MADE BY WANZL

Innovative products from a single source

IN-HOUSE CASTOR PRODUCTION

IN-HOUSE CAD DEVELOPMENT

Production

■ **Wanzl sets the standards for production.** In all areas of production Wanzl's quality policy results in products made from the best materials with first-class workmanship and well-finished surfaces. This ensures long-term maintenance-free use and investment security.

Quality

■ **Wanzl sets the standards for quality** – particularly with regard to smooth motion: the castors are mounted on two maintenance-free ball bearings, have abrasion-proof treads and feature steering forks with ball bearings. As a result, our chambermaid trolleys are quiet, smooth running and easy to steer.

Innovation

■ **Wanzl sets the standards for innovation** – practical solutions from practical experience:
using cutting-edge production and design technology, we create innovative, forward-looking products and constantly set new standards for handling and effectiveness. This is how we streamline your processes, guaranteeing you have the best possible facilities in the future.

01.01 Rollcruiser

Optimised luggage logistics for cruise ships

- > Robust design with high load capacity
- > Special tarpaulin and cover protect luggage from weather and theft
- > Practical accessories

400 kg ↓

ROLLCRUISER, WIDE

A highly stable design made from square tubing, round tubing and wire mesh.

ROLLCRUISER, WIDE

Can be nested to save space.

400 kg ↓

ROLLCRUISER, NARROW
including cover

ROLLCRUISER, NARROW

Can be nested to save space.

01.01 Rollcruiser

■ **A perfect match for cruise ship luggage logistics**, the Wanzl Rollcruiser enables the extremely quick and gentle transport of luggage from the harbour check-in desk to the cabins. When empty, it can be nested and pushed together to save space, ensuring that valuable space on board is used efficiently.

SPECIAL TARPAULIN AND COVER

Robust, weatherproof and designed to deter thieves.

PERFECT LOGISTICAL PROCESSES

with the Wanzl Rollcruiser

Protection for the ship's interior

Deflectors and a foot brake ensure safety and comprehensive protection of your ship's interior.

We have thought of everything!

Mount for logistical information and individual labelling of contents is included along with a tarpaulin and cover with rubber tension belts.

Rollcruiser, narrow	Order no.
High gloss, galvanised, chrome-plated, incl cover	06.55032.51-0000
Cover	upon request

Rollcruiser, wide	Order no.
High gloss, galvanised, chrome-plated, no cover	06.93226.51-0000
Cover	77.03274.95-0000

Standard equipment: A highly stable design made from square tubing, round tubing and wire mesh. Integrated forklift pockets for safe transport by forklift truck. Rotatable deflectors on all four corners.

Finish: High-gloss, galvanised, chrome-plated.

Castors: 4 swivel castors, castor diameter 125 mm.

Standard equipment: A highly stable design made from square tubing, round tubing and wire mesh. Integrated forklift pockets for safe transport by forklift truck. Rotatable deflectors on all four corners.

Finish: High-gloss, galvanised, chrome-plated.

Castors: 4 swivel castors, castor diameter 125 mm.

01.02 Luggage roll cage

Space-saving luggage logistics

- > *Easy and ergonomic operation*
- > *Manoeuvrable by one person*
- > *Extremely space-saving and nestable*

LUGGAGE ROLL CAGE

Highly stable and ergonomic design with robust castors and foot protection.

01.02 Luggage roll cage

■ Efficient use of resources:

Optimise space on board with nestable roll cages.

LUGGAGE ROLL CAGE

Space-saving and nestable, thanks to L-shape

When collapsed, the roll cage is almost impossible to move. The fixed wheel is at a 90° angle to the other castors, making it almost impossible to push.

Grab handle

for easy and ergonomic operation.

With foot protection

to prevent injury and protect the castors from damage.

Luggage roll cage

MUNDUS 9

MUNDUS 11

02.01 Mundus®

■ Individual configuration for optimum functionality:

With the Mundus, the cleaning equipment can be perfectly adapted to personal needs. The free choice from all available accessories and add-on parts, colours and finishes gives you the opportunity to perfectly match your

trolley to your requirements. Whether you require special storage or cleaning compartments or would like to pursue a specific colour concept – with our individually configurable housekeeping trolley, there are no limits.

4 sizes

3 finishes

EBONY

NATURAL OAK

ANTHRACITE

3 frame colours

TITANIUM GREY

METALLIC BLACK

METALLIC GOLD

2 textile colours

ANTHRACITE

BEIGE

How do I create my own Mundus?

1. Select one of the four sizes.
2. There are 3 finishes and 3 frame colours to choose from, which can be combined to suit your taste.
3. Depending on the application, you can further customise the trolley's body, e.g. by adding drawers or a roll-down pane.
4. Then, select the optimal side panels for your applications – we'd be delighted to advise you!
5. Your personalised Mundus is now ready – our accessories add the finishing touches.

Hybrid design: Steel tube base combined with aluminium profiles. e.g. with fold-out bars for hanging laundry sacks and rubbish bags, and one bar with a folding leather cover to conceal a 120 or 50 litre plastic bag. Lower bars each come with grids and two height-adjustable removable shelves in matching finish.

Finish: Frame with plastic-powder coating.

Castors: Mundus 9 and 11: 4 swivel castors with polyamide tread, 200 mm diameter, fifth castor in the centre with rubber tread, diameter 160 mm.

Mundus 7: 2 swivel castors, 2 fixed castors with polyamide tread, castor diameter 200 mm.

Mundus 5: 2 swivel castors, 2 fixed castors, with polyamide treads, diameter 125 mm.

02.01 Chassis of the Mundus®

■ **The exterior features of the Mundus** match perfectly with the high quality it demonstrates in its design, equipment and accessories. The whole trolley is made of robust steel which ensures high load capacity and stability, while the all-round profiles are made from aluminium. Its hybrid structure makes the compact Mundus truly lightweight.

Structure

The Rehling variant provides a more open design and makes it easy to push the trolley.

Structure with leather cover

High-quality fibreglass reinforced leather cover. Double-stitched edges increase durability. Internal height 135 mm.

Standard drawer

Lockable option available.

The removable pull-out drawer with soft closing and variable compartment dividers provides additional storage space.

3P drawer

Push & pull.

Two additional storage compartments for image brochures and documents. Practical clipboard for checklists.

Standard shelves

Variable shelves:

The shelves in anthracite can be easily and conveniently inserted at different heights without additional tools.

Shelves for variant with roll-down panel

Customisable solutions:

Special shelves for variants with lockable roll-down panel.

Aluminium profile

Lightweight design:

The Mundus is easy to manoeuvre thanks to its aluminium profile.

Lockable roll-down panel

The roller shutter and an RFID lock protect the contents of the trolley from unauthorised access. Only available in combination with a standard drawer!

Prevents the trolley accidentally rolling away

Optional locking brake

An ideal addition to make the Mundus secure when the seas are rough.

Protection for your interior

Protective feature:

Rubber deflectors protect the hotel interior.

02.01 Accessories – Mundus® even more unique

■ **The Mundus chambermaid trolley** can be expanded with practical accessories if desired. The mop holders, laundry bags and waste separation boxes are just some of the optional features available to make housekeeping easier.

Waste separation box

Simple waste separation: 2 boxes allow easy separation of different recyclable materials.

Mop holder

The user-friendly and flexible holder system in two sizes keeps everything under control.

Cleaning tray holder

Transport cleaning materials safely with the cleaning tray holder.

Small items box

For even better organisation: Clear arrangement of guest supplies. Made of wood, painted light pearl grey.

Polyester bag

Anthracite, easily removable. With optional zip closure.

Mundus utensils pocket

Accessories for even more space: For transporting additional utensils.

Brake bar

Safety during cleaning. The brake bar ensures that the trolley does not roll away on uneven surfaces or on a ship.

02.02 Basic

Housekeeping – extra economical

**TRIED AND
TESTED CLASSIC**

- > **Practical equipment**
- > **Protect your furniture with integrated deflectors**
- > **Platinum white finish**

Effective protection

Non-marking deflectors on the frame and side sections protect against damage to the interior decor.

BASIC

03 Access Solutions

03 Access Solutions

Innovative access solutions

■ **For more than 50 years** the Wanzl gate and turnstiles, customer guidance systems and barriers have been a mainstay of the product range.

The innovative, high-quality Wanzl security products are used in all kinds of critical locations requiring security against unauthorised access while granting unrestricted access to authorised persons.

The cruise ship industry also makes use of our access solutions. Are you looking for a way to make exclusive areas such as VIP lounges, spa areas or private decks accessible only to authorised guests?

Or do you want to control which passengers have access to certain restaurants or event rooms?

Wanzl has just the right individual and barrier-free access solutions for you. With the Galaxy Gate, Galaxyport and Sirio, we deliver visually appealing access systems that blend seamlessly into the luxurious ambience of your cruise ship.

03 Access Solutions

We have a variety of access systems to suit your needs

- > *Modern design with a wide range of customisation options*
- > *Various sizes and security levels available*
- > *Barrier-free access also available*

ACCESS CONTROL to the breakfast room

PROTECTION from unauthorised access

03 Access Solutions

■ **Access solutions in the hotel increase the feeling of security for your guests** and can reduce the number of staff you need. Use access solutions from Wanzl to prevent unauthorised access to conference and meeting rooms, your wellness or breakfast area or a mini market.

Equipment

Access can take place individually via different authorisations – depending on the equipment you would like your access system to have. Your guests can, for instance, open the system by means of a barcode, QR code, RFID or NFC. We also assist you in complying with hygiene guidelines. Disinfectant dispensers or thermal imaging cameras can be integrated.

DISINFECTANT DISPENSER

THERMAL IMAGING CAMERAS

Branding

Integrate our gates optimally into your hotel.

As unique as the hotel – choose from different finishes, colours and lighting options. In addition, the side panes and swivel arms can be branded with your logo. This way, you can add your own personal touch.

■ **The high-quality shelving system from Wanzl impresses** with its high flexibility and modular design. Benefit from proven Wanzl quality on board, for example in the back offices or housekeeping and dry storage facilities. Decades of retail experience ensure reliability even in the toughest conditions.

**PLAN NOW
WITH OUR
SELF-ASSEMBLY
INSTRUCTIONS!**

Quick and easy “click” assembly

The **wire tech 100 click system** is designed to make the shelving units easy to assemble and quick to adapt to new requirements. Wanzl shelving systems offer smooth connections between components coupled with high shelf

stability. With just a few clicks, the console and wire shelf can be connected to each other and the consoles can be fixed to the uprights.

Effective combination of materials

Whether back panel, shelf or plinth elements: wire tech 100 adapts to your needs and the requirements of your store – not the other way around. The back panels made of wire, sheet metal or individually printed magnetic foil can be combined with wire or sheet metal shelves. The shelves can be attached at 25 mm intervals, allowing shelf heights to be adapted perfectly to the size of the products.

04 24/7 Mini markets

04 24/7 Mini markets

Individual shopping options for guests

■ **Design a mini market on board** together with Wanzl! From forgotten toothbrushes to quick breakfasts with coffee and sandwiches – you can offer everything your guests desire from now on.

The store design options are endless: we plan the entire mini market for you including shelving systems, refrigerated display units, entrance systems, baked goods displays, payment systems and much more.

Self-checkout options and automated entrance systems optimise staff deployment.

Both staff-free stores and hybrid concepts are possible, which allow extended opening hours of up to 24/7.

04 24/7 Mini markets

A world of shopping for your ship's passengers

- > Individual design for every ship
- > Modular equipment options and product combinations
- > 24/7 usability thanks to staff-free operation

INDIVIDUAL MINI MARKET

UNIQUE DESIGN

04 24/7 Mini markets

■ A late-night craving for a few snacks and drinks? A forgotten toothbrush?

A souvenir needed for loved ones back home? With the ship's own mini market, you can offer your guests the chance to shop directly on board. This means more sales for you. A significant increase in service and quality of stay for your guests.

OUR SOLUTION

Mini markets – a 24/7 sales area

Mini markets meet the short-term needs of your guests, no matter what time of day or night. Opening hours up to 24/7 are possible, as are hybrid models (daytime with personnel, nighttime without).

The following areas of use are addressed:

- A quick breakfast to take away
- Snacks at any time of day or night
- Items left at home can easily be purchased on board
- Cosy evenings in the cabin with wine and beer

MORE THAN JUST A SHOP:
our concepts also offer space to work or unwind

Made to measure: Individually designed for each ship

■ **With our expertise as a shopfitter**, we can work with you to design your own personal mini market area on board.

Our interior designers plan an individual shopping experience for you, covering every aspect that goes into it! No matter where in the ship you are positioning your mini market, we can offer comprehensive design support. This way, you can offer your guests a shopping experience like no other.

Your benefits – at a glance //

- Comprehensive planning including interior design
- Creation of a truly personal on-board shop
- Optimum use of available space

Step by step to your own market with our modules

■ **With our 10 modular units**, you can customise your store cost-effectively. The modules are quick to set up and can be changed, supplemented or retrofitted at any time. Anything is possible, whether additional shelves or a new arrangement. Benefit from maximum flexibility and efficiency to adapt to your guests' needs.
