

Smart & Secure Trolley

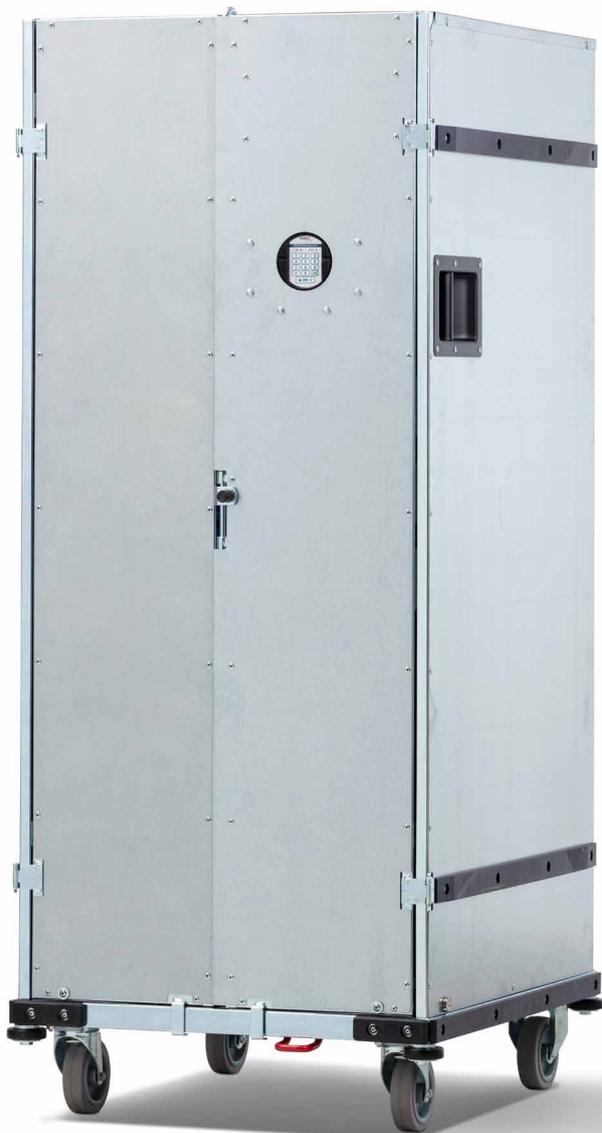

Protection from unauthorised access

Smart & Secure Trolley

Secure transportation for valuable goods

- > *Integrated electronic lock*
- > *Fully enclosed sheet metal cladding to protect against prying eyes*
- > *Available with optional asset tracking system*

SMART & SECURE TROLLEY

DESIGN WITH WOODEN SHELF AND THREE DRAWERS

With optional tracker

The roll cages can also be integrated into an asset tracking system for seamless monitoring. Contact us!

Protection from unauthorised access

The Smart & Secure Trolley is ideal for transporting luxury goods such as smartphones, jewellery or perfume. Push handles recessed inwards allow the roll cages to be positioned seamlessly next to each other and pushed from the side with a clear view in the direction of travel. Four rubber deflectors also protect the interior when manoeuvring the roll cage.

Electronic lock

Access for authorised persons only:

Locking, an anti-theft alarm, remote unlocking, event recording and more guarantee increased security.

Central brake

A foot lever locks two swivel castors simultaneously with one just press for secure positioning. This ensures safe loading and unloading.

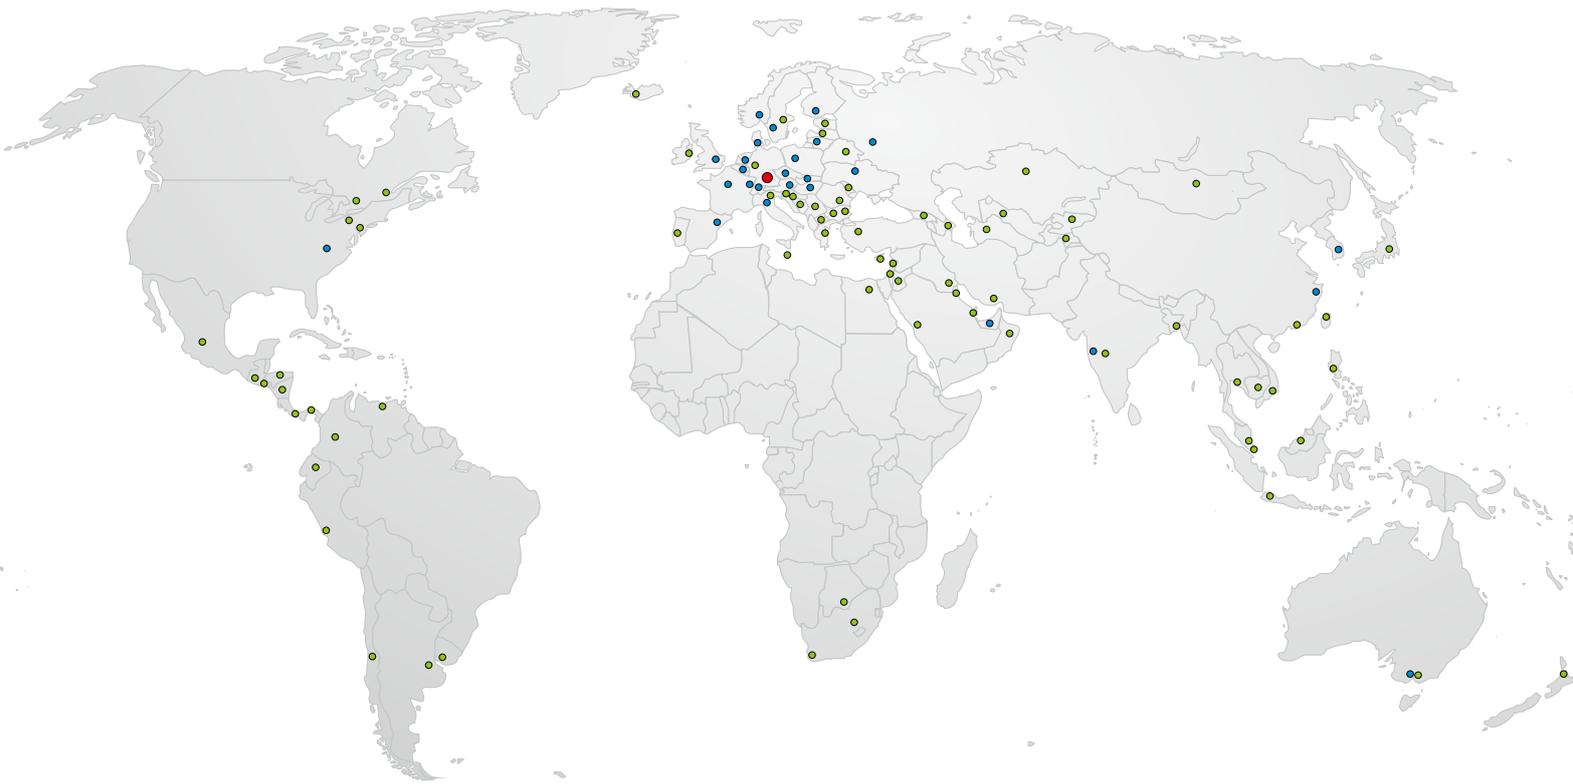

Basic model

Equipment: Fully enclosed roll cage made of sheet metal with integrated electric lock. Optionally with wooden shelf and three plastic drawers. Four rubber deflectors.

Castors: 4 Wanzl swivel castors, including 2 with central brake. Elastic tread.

Surface finish: High-gloss galvanised
