# Wanzl displays and sales equipment

## Continuing a long success story

BLUMENKÖNIG 1970

EUROSTAR 1994

BAKEOFF 3.0 2020

■ **At Wanzl, we know what** people will want tomorrow. As a global market leader for shopping trolleys, we also have the perfect solutions when it comes to displays and sales equipment. We do not think it enough to merely reflect current trends with our innovative retail products: we are always one step ahead of the times with our design and engineering.

■ **Today, Wanzl employs over** 5,000 people at twelve production sites worldwide, working on new business areas and products, and on exceptional product designs with a consistently high quality and a vast production range. The aim: perfectly satisfied customers.

***The world is changing.  
Take advantage of it!***

■ **Wanzl products are unique.** Wanzl's specialist expertise, consistency, reliability and innovative solutions and technologies ensure effective work processes along with the competitiveness and business success of its partners.

# QUALITY\_MADE BY WANZL

Product quality as a result of process quality

EXPERTISE IN WIRE & TUBING

IN-HOUSE CAD DEVELOPMENT

## *Production*

■ **Wanzl sets the standards for production:** in all areas of production, Wanzl's quality policy results in products made from the best materials, first-class workmanship and well-finished surfaces. This ensures long, low-maintenance use and investment security.

## *Quality*

■ **Only the best** quality manufacturers are chosen to supply the 80,000 tonnes of steel processed a year. Only these materials comply with the requirements for surface quality, strength, weldability and bending properties.

## *Innovation*

■ **Wanzl sets the standards for innovation:** from practical experience – for practical use. Using state-of-the-art production and design technology, we create innovative, future-oriented products – consistently setting new standards for handling and effectiveness. This allows us to streamline your processes and ensure that you have the best possible facilities for your store in the future too.

# Service at any time and in any location

Professional installation, maintenance, repair, and genuine Wanzl spare parts

**EVEN ONCE INSTALLATION HAS BEEN SUCCESSFULLY COMPLETED**, Wanzl is still there for you. With our specialist, practical training, your staff will soon be able to use our products efficiently and correctly.

**SERVICE FROM WANZL** means faults are rectified quickly and smoothly.

■ **Installation, commissioning and training.** Wanzl challenges its products in demanding endurance tests, because technical quality must be correct down to the finest detail. This is also true for installation. That's why installation is carried out only by authorised, qualified professional personnel from Wanzl. This ensures compliance with all legal and official regulations. Wanzl also provides support during commissioning and gives your employees professional and practical instruction in how to use the high-quality products efficiently and correctly, so that you benefit from lasting success.

■ **Maintenance and repair.** To maintain the Wanzl quality, we recommend regular maintenance of all components. Ongoing maintenance ensures that the value of your assets is preserved. Ask for your own personalised maintenance plan.

■ **Spare parts.** An experienced team of specialists offers short response times, a professional after-sales service and simple handling of all service requirements – across the board. Tell us what we can do for you and we will be happy to help.

■ **Wanzl Hotline** for virtually every situation practically all day long. If attempts to resolve a problem over the telephone do not lead to the required outcome, a member of our service team will arrange a visit to your site with you.

*Powerful boost at point of sale*

- › *Assembled in a flash*
- › *Flexible to use with height-adjustable bottom grates*
- › *Stationary or mobile*

PS 12/8  
Stationary

PS 12/8 Duo  
Stationary

## Standard design

Table legs and frame made of square steel tubing. Bottom grate reinforced with flat plates and can be attached at different heights. Folding mechanism for space-saving storage of tables.

**PS 12/8 bargain table:** 1 bottom grate

**PS 12/8 Duo bargain table:** 1 divider, 2 bottom grates

**Finish:** high-gloss chrome-plated

**Mobile version:** 4 swivel castors, castor diameter 75 mm with brakes, internal, attached on bottom frame.

## Safe stacking

### The stops

in the folding mechanism prevent slippage during transport with a low-lift truck.

## Practical

**Stationary or mobile** bargain tables can be stacked and transported on a low-lift truck.

## 01.01 PS 12/8 bargain table

■ The effective “PS” will help you achieve your goal in record time – whether you need to react quickly at the point of sale or are looking for flexible ways of displaying new products. This is because the “PS” bargain table can be assembled in next to no time without tools and takes up hardly any space in the warehouse when stacked.

# 01.06 YourTable®

*Product presentation to boost the urge to buy.*

- > Multifunctional presentation areas
- > Customised colours and finishes
- > Boost the urge to buy with product presentation

## Creative and multifunctional

**YourTable T.01 is the ultimate all-rounder** for product presentation. The multitude of accessory elements enables the perfect presentation of your products in every sector. YourTable provides the appropriate look for your products and for your sales area with a range of colours and finishes.

## Attractively arranged

**The YourTable T.02 presentation system is a master of the art of combination.**

There are two sizes which can be perfectly arranged with the complete YourTable range or anywhere in your available space. With YourTable T.02, there is also a wide range of accessories to suit your requirements.

## 01.06 YourTable®

■ The multifunctional YourTable presentation system with three different models allows you to set the stage emotionally for every product range and to promote sales. All the components and accessories offer versatile usage and combination options. For you this means more design freedom in your product presentation – with minimal effort.

For more information on this product, please see [www.wanzl.com](http://www.wanzl.com)

### 1 T.01

The ultimate all-round option

### 2 T.02

Versatile combinations

### 3 T.03

Attractive sales platform

### 4 T.03

Attractive product presentation in a compact space

# 01.09 YourTable® Switch

*Enticing presentation of fresh produce*

- > Table, shelf and tiered display stand
- > Flexible adaptation to different product groups
- > Mobile for fast repositioning

## 01.09 YourTable®Switch

■ Thanks to its ingenious construction, the YourTable Switch can be converted to the desired presentation system without the use of tools in next to no time in just a few steps. Thanks to the convenient tilting mechanism, your product presentation is always shown to its best advantage.

For more information on this product, please see [www.wanzl.com](http://www.wanzl.com)

### YOURTABLE SWITCH

The shelf can be adjusted to three different angles: 0°, 17.5° or 30°.

### More individuality

High-quality surfaces, exciting combinations of materials and the many colour variations and finishes available for the YourTable Switch give you plenty of room for individuality.

### Intelligent anti-trapping function

The YourTable Switch is hand and finger safe. A smart anti-trapping mechanism provides the highest level of protection against injury.

### Adjustable configurations

From wire or wicker baskets, wooden shelves to flower inserts, the YourTable Switch can be optimally adapted to your product category.

### Fast repositioning

The YourTable Switch is fitted with smooth-running castors to make quick work of repositioning the unit elsewhere in the store. This saves valuable time.

## 02.01 wire tech 100

*Clean lines – simply more sales*

- > *The puristic shop solution with outstanding functionality*
- > *Superior hygiene thanks to jointless system design*
- > *Quick assembly and conversion without the need for tools*

**WIRE TECH 100**  
Gondola shelves

## 02.01 wire tech 100

### ■ The clean, practical design of the wire tech 100 system

deliberately takes a back seat, ensuring the customer focuses on what is really important: your products. This increases product density and underpins the clean and tidy overall impression of your store.

For more information on this product, please see [www.wanzl.com](http://www.wanzl.com)

**WIRE TECH 100**  
Wall shelves

### For a strong atmosphere

**wire tech 100 presents goods with clean lines.** The high-quality system provides the perfect basis for stores that are a cut above average: by ensuring an excellent overall experience, ambience, quick orientation and an enticing presentation of goods.

### Your benefits with wire tech 100

**The sophisticated system design offers crucial advantages:** with one major benefit being the hygienic aspect. The jointless system design prevents the accumulation of dirt and makes cleaning a piece of cake. A further advantage is the rapid assembly and conversion without the need for tools, saving you considerable time and money.

### Range of finishes and colours

With wire tech 100, the benefits are two-fold. The extensive range of finishes and colours ensures perfect integration into your design concept. Added to this is the exceptional quality of the coating, which combines a high degree of resistance, ease of cleaning and durability – this is quality MADE BY WANZL.

### Effective combination of materials

wire tech 100 offers a large number of presentation options made from the highest quality materials. The wire tech 100 upright with its clean lines can be combined with wire, mesh, sheet metal and wooden back panels and with wire, glass, wooden and sheet metal shelves. And for individual requirements, there is of course always a customised solution with wire tech 100.

## 02.02 BakeOff® 3.0

*Sell bakery products successfully*

- > High product presence, resulting in product density
- > Soft-close system for added comfort and hygiene
- > Can be retrofitted and combined with BakeOff 2.0/2.1

### BAKEOFF 3.0

The latest generation

### Simple and safe to use

**Tongs and disposable gloves** make sure that produce is removed in a hygienic manner. Every item will end up safely in a paper bag.

### Appealing colours and finishes

## 02.02 BakeOff® 3.0

■ **With the latest generation of BakeOff 3.0**, your baked goods really are in the spotlight. Your produce is on clear display behind hygienic covers, generating maximum sales impact.

### 1 BAKED GOODS TOWER WITH COOLING

Service tower for presenting refrigerated goods on the top two levels. Beneath these, two levels for baked goods. Stainless steel refrigeration element. Constant cooling on both levels.

### 2 BAKED GOODS TOWER, BASIC MODULE

Sales tower for baked goods with open back panel for filling from the front and behind. With glass roof made from single-plate safety glass (ESG). Optional back panel in a wood finish.

### 3 BAKED GOODS LEVEL

Design without any internal moving parts. Minimal cleaning effort with maximum transparency.

### 4 CENTRAL CRUMB COLLECTION TRAY

Removable, central breadcrumb collection tray for cleanliness and hygiene underneath the modules.

### 5 SERVICE LEVEL

Service level perfectly suited to your needs. Choice of units:

### 6 7 8 9 SERVICE MODULES

Convenient drawer system for disposable gloves and waste box, bags, vacuum cleaner.

### 10 BREAD SLICING MACHINE

Separate tower with identical design for integration of bread slicing machine

**Upgrade possible!**  
Convert your 2.0 / 2.1 BakeOff modules into the latest generation of BakeOff 3.0 units!

### BAKEOFF 2.1

Body wood finish Bardolino oak grey

### Clean and hygienic

The baked goods are protected by silent hygienic covers.

### Easy to stock

Items are filled from either the front or the back, depending on your sales area or processes.

## 02.03 BakeOff® 2.0 / 2.1

*A system for the successful sale of baked goods*

- › High product density and maximised filling volume
- › Best ergonomics for customers and store personnel
- › Modular system offering flexibility for product range design

Video clip  
BakeOff 2.0

**BAKEOFF 2.0**  
Body wood finish Bardolino oak grey

### Modular design

Any number of towers can be put together in a row. Each baked goods shelf can be divided into 2 or 3 areas of the same size using a glass divider.

### Appealing colours and finishes

## 02.03 BakeOff® 2.0 / 2.1

■ With the Wanzl BakeOff 2.0, your range of baked goods will take centre stage and make your customers hungry for more. The system is highly flexible to accommodate your spatial conditions and processes. The modular design enables a flexible response to changes in a range, with minimal assembly work.

### 1 COOLING MODULE

Cooling unit can be integrated into existing design.

### 2 BREAD MODULE

Bread of different shapes and sizes can be easily removed.

### 3 BREAD ROLL MODULE

Design without any internal moving parts. Minimal cleaning effort with maximum transparency.

### 4 PASTRY MODULE FOR SWEET PASTRIES

Pastry replenishment is optimised by a special coating.

### 5 CRUMB TRAY

Removable, central crumb tray for maximum cleanliness beneath the modules. Integrated bumper rail for protection against damage.

### 6 7 8 9 SERVICE MODULES

Convenient drawer system for disposable gloves and waste box, bags, vacuum cleaner.

### 10 BREAD SLICING MACHINE

Separate tower with identical design for integration of bread slicing machine.

**Upgrade: BakeOff 2.1**  
Increased transparency at the sides thanks to real glass panes instead of metal sheets on the baked goods shelf.

**BAKEOFF 2.1**  
Body wood finish Bardolino oak grey

### Easy handling

**Goods filling** is tailored to your available space and can be carried out from the front as well as the back. For daily cleaning, an easily accessible vacuum cleaner is integrated into the service module.

### Ideal for self-service

**Customers can pick up goods** effortlessly and with just one hand. The baked goods are pulled onto the removal shelf with a baked goods remover and then picked up using disposable gloves or bakery tongs.

## 02.04 SideRack 2.0

*For the presentation and sale of baked goods*

- › *BakeOff extension module for the sale of packaged baked goods*
- › *Convenient removal of goods by the customer*
- › *Easy cleaning in just a few steps*

**SIDERACK 2.0**  
Basic unit with 2 extension units

### *Combination with BakeOff 2.0*

The SideRack 2.0 sales unit for packaged baked goods forms an attractive island in your baked goods area with the BakeOff 2.0 / 2.1 baked goods sales system. Carefully selected finishes, coatings and materials ensure seamless integration. These give customers an appetite for more. Perfect and hygienic cleaning in just a few steps.

**SIDERACK 2.0**  
Basic unit with extension unit,  
combined with BakeOff 2.0 / 2.1 sales system

## 02.04 SideRack 2.0

■ Thanks to its modular design, the SideRack 2.0 extension unit for the BakeOff 2.0 / 2.1 sales system can be integrated seamlessly into your store.

**SideRack 2.0 – suitable for BakeOff 2.0 / 2.1 / 3.0**

**SIDERACK 2.0**  
Basic unit with extension

### DIN standards committee

#### Food hygiene

In order to keep up to date with the latest food hygiene standards, we are represented on the DIN standards committee "Baking stations in retail".

## 02.05 BakeOff®-Display

*Attractive presentation and successful sale of baked goods*

- > *Transparent design for best product presentation*
- > *Convenient access to baked goods on all levels*
- > *Excellent product protection thanks to hygiene flaps*

### BAKEOFF DISPLAY

Baked goods display unit in  
combination with coffee station

## 02.05 BakeOff® display

For more information on  
this product, please see  
[www.wanzl.com](http://www.wanzl.com)

### BAKEOFF DISPLAY

Available with or without hygiene  
flaps

### Attractive baked goods presentation

The Wanzl BakeOff display combines sophisticated design and sales-promoting features. The modern design of the units blend harmoniously with the sales floor.

### Transparent design

The high level of transparency of the BakeOff display gives customers a good overview of the baked goods for sale. The integrated LED lighting saves energy and presents the baked goods in a pleasant light.

### Features designed to promote sales

The angle of the shelves can be adjusted to make sure products easily slide towards the front, ensuring maximum visibility. This creates a high product density. The suspended graphic panels ensure that your baked goods attract optimum attention.

### Clean and hygienic

In the BakeOff display all the baked goods are hygienically protected behind closed hygiene flaps. The sides of the sales units are also closed. Baked goods are removed either by means of tongs or disposable gloves.

## 02.06 Vitable®

*Vitable® – see the freshness!*

- › *Ingenious simplicity and flexibility*
- › *Encourages purchasing*
- › *Outstanding hygiene concept*

Vitable  
with finish

### Standard design

With its modular design, the new Vitable offers a variety of configuration options. All Vitable units consist of the same shelf brackets in different depths. The Vitable is available as a gondola or wall unit, with an open or closed body.

In the closed version, the front section has an easy-to-open hygiene flap. All variants feature crate stoppers, which prevent the top fruit and vegetable crates from slipping when the lower section is being filled.

### Flexible modular design

The basic Vitable elements are available in various depths and as a single, double or triple shelf system. Just what you need to make best use of your space.

## 02.06 Vitable®

■ **Whether in a city-centre store or in a large space, as a gondola or wall shelving:** the basic Vitable elements are available in various depths in bay widths of 1000 mm and 1250 mm and as a single, double or triple shelving system. Just what you need to make best use of your sales area.

**Vitable**  
With closed body

### Cleaner

**Vitable boasts a unique** hygiene concept. Any places where fruit juice and debris could collect are easy for staff to reach. The hygiene flap means that this is also the case even if the structure is closed.

### Finishes

**Wanzl offers** a wide range of finishes to choose from for your new Vitable. Magnetic films with custom motifs are available for attaching to the hygiene flap and rear panel, with fast delivery and attractive terms.

## 02.07 Flower stand module

*Island display for cut flowers, potted plants and accessories*

- › *Modular structure*
- › *Wall or gondola solution*
- › *Mobile, addition and expansion options*

Flower stand end module 90° left  
With price board holder, height-adjustable

### Standard design

Sturdy design made of square steel tubing with integrated bucket holders and fold-down display racks for potted plants. Height-adjustable price board holder. Flower stand modules can be linked with module connection.

**Finish:** high-gloss chrome-plated.

**Mobile version:** 4 swivel castors, castor diameter 75 mm with brakes.

## 02.07 Flower stand module

■ **Promotes sales of cut flowers, potted flowers and plants, and accessories.** Other possible uses in exposed areas, for example, for artificial flowers, decorations, seasonal items, etc.

## 02.15 YourDisplay

*A perfect salesperson directly at your point of sale!*

- › *Easy to use and flexible shelf height adjustment*
- › *Slim, space-saving design*
- › *Easy transport due to mobile chassis*

## 02.15 YourDisplay

■ **A product display unit in an ultramodern design,** YourDisplay combines all the benefits of dynamic and functional product presentation. The vertical arrangement of items allows customers to quickly see what's on offer. No matter which product a customer chooses, access is quick and unhindered.

### Colour

Anthracite grey	9005	
Light grey	9007	
Glossy chrome-plated	7016	

YourDisplay is available in three attractive colours.

### Shelf

The height of the shelves can be adjusted for perfect presentation.

### Ring hook shelves

The ring hook shelves are particularly suitable for hanging salami sticks or bananas.

### Price labelling

Price labelling for hooking onto the shelves is optionally available.

### Brake castor

The brake castors guarantee stable positioning anywhere on the sales floor.

### Identical baskets with stacking clips

can always be stacked. Baskets with stacking clips and of equal width can also be stacked in staggered arrangements.

**Wanzl shelf insert baskets** are individual components that can be put together to form a complete stacking system. There is a choice of baskets in three front widths and different heights and depths. Baskets of identical and different depths can be stacked in staggered way.

## 03.03 Hang-in basket systems

*L series for normal loads, S series for heavy loads*

- › Endless variety of combination options
- › Complete freedom to arrange dividers – regardless of the shelf axis measurement
- › Optimal use of shelf space, no shelf surfaces required

**HANG-IN BASKET, L SERIES**  
For normal loads,  
Shown with scannable price rails,  
Load capacity max. 60 kg

**HANG-IN BASKET, S SERIES**  
For heavy loads,  
Load capacity max. 90 kg

### Standard design

Sturdy baskets, reinforced on base with upright flat plates. Brackets with triple hooks make attachment particularly easy, in horizontal position or inclined at 4.5° or 9°.

**L series** with 25 mm wire interval for normal loads.

**S series** with 18 mm wire interval for heavy loads.

**Finish:** high-gloss galvanised and chrome-plated. Coloured plastic powder coating on request.

### Endless and variable

**You have complete freedom** when it comes to arranging products on the shelf as the insertion of dividers is not determined by the shelf axis measurement. The system offers endless and variable combination options.

02 PALLET BAR TYPE 1

PALLET BAR TYPE 2

---

## 04 Pallet systems

# 04.01 PA-X pallet boxes

Versatile use with standard Euro pallets measuring 1200 x 800 mm

- > Robust construction
- > Can be stacked with Euro pallets or configured with mobile chassis
- > Can be folded flat to save space

**PA-X1/S**  
Closing grate foldable on the long side, delivery without wooden pallet

**SAFE HANDLING**  
Clear information on load capacity and stacking shown directly on the box

All models can be folded to save space.

## Standard design

**PA-X/S series:** sturdy pallet boxes in folding or closed design. Secure thanks to stacking corners with large support surface. 2 retaining bars each on the short sides. Mesh size 70 x 70 mm. Also available in non-stacking version.

**PA-X1/N:** as PA-X1/S, but without stacking corners and retaining bar.

**Castors:** swivel castors diameter 100 mm, incl. 2 with brakes.

**Finish:** high-gloss, galvanised, chrome-plated.

## Securely in place

**Four latching bars** on the narrow sides ensure secure fixing on the Euro pallet.

## Safe stacking

**Stacking corners** with wide support surface and high edges prevent the box from slipping.

## Divider (optional)

**Fits all models** with a closed long side. Dimensions 715 x 725 mm. Mesh size 73 x 70 mm.

## Intermediate grate (optional)

**Fits all models.** For variable attachment in 70 mm grid. High load capacity. Mesh size 25 x 125 mm.

## 04.01 PA-X pallet boxes

■ The PA-X series is suitable for a variety of uses and is highly flexible: it can be closed on all four sides or folded in any direction – anything is possible.

### Basket attachment

Fits stackable models with two closed narrow sides.  
With scanner price rail.  
On request.

## 04.02 Pallet bars

*Highly robust and easy to use*

- > For large-volume goods and high quantities
- > Ideal for promotions, e.g. in end cap position at the ends of shelving
- > Unobstructed access and simple removal

**PALLET BAR TYPE 1**  
Height 820 mm, hot galvanised

Supplied without wooden  
pallet

**PALLET BAR TYPE 2**  
Height 995 mm, plastic  
powder coating

### Standard design

Round tubing frame with two sturdy central bars. Frame and support bracket are welded. Locking bar is angled on the upper tie bar. Retaining profiles for variable assembly on long or transverse side of the Euro pallet.

**Finish:** plastic powder-coated or hot galvanised.

### Arrangement options

Pallet bars, individual

Pallet bars in a row, lengthways

Pallet bars in a row, sideways

## 04.02 Pallet bars

■ **Large-volume goods and high quantities** can be transported safely from the production location to the sales area. Ideal for promotions in end cap position at the ends of shelving. Unobstructed access and simple removal of goods are constant factors in success.

### Easy to use

**Just a few steps** are needed to fit the bars. The retaining bars grip underneath the central bar of the pallet.

### Safe stacking

**The pallet blocks** latch securely into the angled locking bars.

### Maximum load capacity / stacking

**Pallet bar type 1 / type 2**

## 05.03 Box container

*Lightweight design in two sizes, suitable for large volumes of waste*

- › *Sturdy tube frame*
- › *Folding front grate*
- › *Can be folded flat to save space*

**BOX CONTAINER**  
With length of 1200 mm

**BOX CONTAINER**  
With length of 1620 mm

### Standard design

**Length 1200 mm:** sturdy tube frame with wire grate panelling. Front grid can be folded once.

**Length 1620 mm:** sturdy tube frame with wire grate panelling. Front grate can be folded twice.

**Castors:** 4 swivel castors, incl. 2 with brake. Rubber tread.

**Finish:** high-gloss, galvanised, chrome-plated.

### Can be folded flat to save space

The container is easy to fold with just a few steps and saves space during storage.

### Folding front panel

Depending on the container size, the front grate can be folded once or twice and enables easy loading and convenient access to the contents.

## 05.03 Box container

■ **For collection, provision or disposal** of boxes, crates and large volume packing materials.

### 1 DESIGN

Sturdy tube frame with wire grate panelling

### 2 FOLDING

For easy loading

### 3 CASTOR WHEELS

4 swivel castors, incl. 2 with brake. Rubber tread.

### 2 FOLDS FLAT

Can be folded flat with just a few steps, for space saving storage.

# Customised solutions

A custom approach – from development to roll-out

LEADING EXPERTISE FROM WANZL

CONCEPT PLANNING

AUGMENTED REALITY

## *Product development*

■ **At Wanzl, product development starts with you**, your aims and your ideas. We work with you to find the right balance between aesthetics, function and cost-effectiveness. Wanzl has creative designers, experienced technicians and engineers at its disposal. The effectiveness and versatility of our in-house production facilities give you a broad range of potential solutions that you will rarely find elsewhere on the market.

## *Transparency and cost control*

■ **The development processes at Wanzl follow a proven principle.** This means that project aims, milestones and success are checked at defined intervals and discussed with you, keeping you up to date at all times.

## *Expertise means reliability*

■ **Wanzl not only has its own product development teams** with mechanical and design engineers for wood and plastic technology and metal construction, but also its own design engineers and toolmakers for making moulds, jigs and tools. Your custom products and solutions are therefore produced in a workflow with well-established interfaces. Your personal contact will oversee the process and ensure that things run smoothly.

## *We speak your language*

■ **For you, the bottom line is:** the great feeling of being able to rely on the fact that everything is going to plan. Whatever language you speak, we have the right contact for you – for design, emotional or sales psychology, for engineering, function and ergonomics, for product safety, quality and cost-effectiveness. This minimises the chances of something going wrong and means that you can plan your success.
