Wanzl sales furniture

Continuing a long success story

BLUMENKÖNIG 1970

EUROSTAR 1994

BAKEOFF 3.0 2020

■ **At Wanzl**, we know what people will want tomorrow. As a global market leader for shopping trolleys, we also have the perfect solutions when it comes to sales furniture. We do not think it enough to merely reflect current trends with our innovative retail products: We are always one step ahead of the times with our design and engineering.

■ **Today, Wanzl employs** over 4,600 people at twelve production sites worldwide, working on new business areas and products, on exceptional product designs with a consistently high quality and a vast production depth. The aim: perfectly satisfied customers.

***The world is changing.
Take advantage of it!***

■ **Wanzl products are unique.** Wanzl's specialist expertise, consistency, reliability and innovative solutions and technologies ensure effective work processes along with the competitiveness and business success of its partners.

Quality_MADE BY WANZL

Product quality as a result of process quality

EXPERTISE IN WIRE & TUBING

IN-HOUSE CAD DEVELOPMENT

Production

■ **Wanzl sets the standards for production:** In all areas of production Wanzl's quality policy results in products made from the best materials with first-class craftsmanship and well-finished surfaces. This ensures long, low-maintenance use and investment security.

Quality

■ **Only top manufacturers producing** the very best quality are chosen to supply the 80,000 tonnes of steel processed per year. Because only these materials comply with the requirements for surface quality, strength, weldability and bending properties.

Innovation

■ **Wanzl sets the standards for innovation:** from practical experience – for practical use. Using state-of-the-art production and design technology, we create innovative, future-oriented products – consistently setting new standards for handling and efficiency. This allows us to streamline your processes, guaranteeing you have the best possible equipment for your store in the future too.

Service at any time and in any location

Professional assembly, maintenance, repair, and genuine Wanzl spare parts

EVEN ONCE INSTALLATION HAS BEEN SUCCESSFULLY COMPLETED, Wanzl is still there for you. With our specialist, practical advice, your staff will always be equipped to use our products efficiently and correctly.

SERVICE FROM WANZL MEANS faults are rectified quickly and smoothly.

■ **Assembly, commissioning and training.** Wanzl challenges its products in demanding endurance tests, because technical quality must be correct down to the finest detail. This is also true for assembly. That's why assembly is carried out only by authorised, qualified professional personnel from Wanzl. This ensures compliance with all legal and official regulations. Wanzl also provides support during commissioning and gives your employees professional and practical instruction in how to use the high-quality products efficiently and correctly, so that you benefit from lasting success.

■ **Maintenance and repair.** To maintain the Wanzl quality we recommend regular maintenance of all components. Ongoing maintenance ensures that the value of your assets is preserved. Ask for your own personalised maintenance plan.

■ **Spare parts.** An experienced team of specialists offers you short response times, a professional after-sales service and simple handling of all service requirements – across the board. Tell us what we can do for you and we will be happy to help.

■ **Wanzl Hotline** for virtually every situation at practically any hour. If attempts to resolve the fault over the telephone are unsuccessful, a member of our service team will immediately come out to your premises. There is a service support centre near to you.

01.06 YourTable®

Product presentation to boost impulse buying

- › Multifunctional presentation areas
- › Customised colour and finish
- › Boost the urge to buy with product presentation

5 T.04

3 T.03

4 T.03

Creative and multifunctional

YourTable T.01 is the ultimate all-rounder for product presentation. The multitude of accessory elements creates the opportunity for the perfect presentation of your products in every sector. YourTable provides the appropriate look for your products and for your sales area with colours and finishes.

Attractively arranged

The YourTable T.02 presentation system is a master of the art of combination.

There are two sizes which can be perfectly arranged with the complete YourTable range or anywhere in your available space. With YourTable T.02, there is also a wide range of accessories suitable for your requirements.

01.06 YourTable®

■ The multifunctional YourTable presentation system with three different models allows you to set the stage for every product range and to promote sales. All the components and accessories offer versatile usage and combination options. For you this means: more design freedom in your product presentation — with minimal effort.

1 T.01

The ultimate all-round option

2 T.02

Clean lines – simply more sales

- > *The puristic shopfitting solution with outstanding functionality*
- > *Superior hygiene thanks to jointless system design*
- > *Quick assembly and conversion without the need for tools*

WIRE TECH 100
gondola shelf

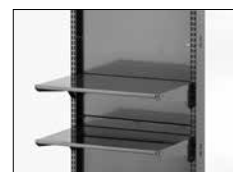

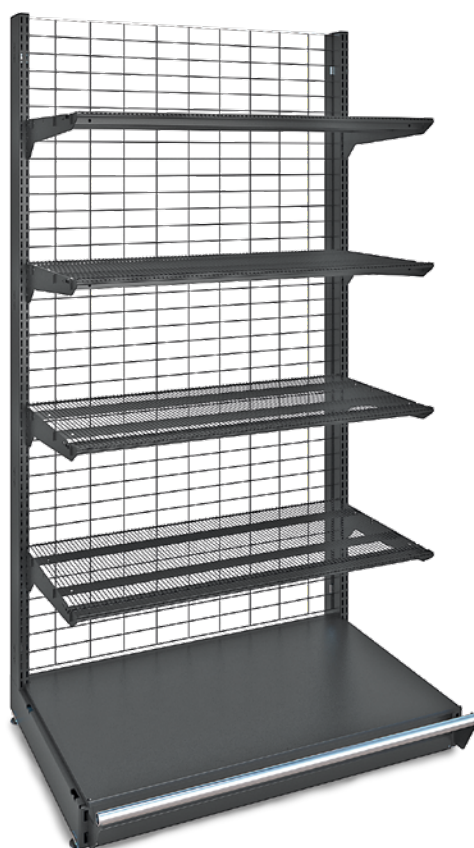

02.01 wire tech 100

■ The clean, practical design of the wire tech 100 system

deliberately takes a back seat, ensuring the customer focuses on what is really important: your products. This increases product density and underpins the clean and clear overall impression of your shop.

More information on this product is available at www.wanzl.com

WIRE TECH 100
Wall-mounted shelf

For a strong atmosphere

wire tech 100 presents goods with clean lines. The high-quality system provides the perfect basis for shops that are a cut above average: by ensuring an excellent overall experience, ambience, quick orientation and an enticing presentation of goods.

Your advantages with wire tech 100

The sophisticated system design offers crucial advantages, with one major benefit being the hygienic aspect. The jointless system design prevents the accumulation of dirt and makes cleaning a piece of cake. A further advantage is the rapid assembly and conversion without the need for tools, saving you considerable time and money.

Finishes and colour selection

With wire tech 100, the benefits are two-fold. The extensive range of surfaces and colours ensures perfect integration into your design concept. Added to this is the exceptional quality of the coating, which combines a high degree of resistance, ease of cleaning and durability – this is quality_MADE BY WANZL.

Effective combination of materials

wire tech 100 offers a large number of impressive presentation options made from the highest quality materials. The clean and clear wire tech 100 upright can be combined with wire, mesh, sheet metal and wooden back panels and with wire, glass, wooden and sheet metal shelves. And for individual requirements, there is of course always a customized solution with wire tech 100.

02.02 BakeOff® 3.0

Sell baked goods successfully

- > High product presence, resulting in strong sales impact
- > Soft-close system for added comfort and hygiene
- > Can be retrofitted and combined with BakeOff 2.1

Simple and safe to use

Tongs and disposable gloves make sure that the baked goods are removed in a hygienic manner. Every item will end up safely in a paper bag.

02.02 BakeOff® 3.0

■ **The BakeOff 3.0** puts your range of bakery goods even more firmly in the spotlight. Products are clearly displayed behind transparent hygienic covers, generating maximum product density.

1 BAKED GOODS TOWER, BASIC MODULE

Sales tower for baked goods with open back panel for filling from in front and behind. With glass top made from single-plate safety glass (ESG). Optional rear panel for front filler.

2 BAKED GOODS SHELF

Design with single-plate safety glass (ESG) for high transparency and safety. Three identical hygienic covers to protect against coughs and sneezes, with automatic soft-closing and built-in price labels. Energy-efficient LED lighting. Optional accessories: Pick-up tongs with casing and coiled cord.

3 CENTRAL CRUMB COLLECTION TRAY

Removable, central breadcrumb collection tray for cleanliness and hygiene underneath the modules.

4 SERVICE LEVEL

suited to your needs.

5 6 7 8

CHOICE OF SERVICE UNITS

· Hygienic drawer for removing disposable gloves, an opening for waste disposal and vacuum cleaner storage area.

3 sets to choose from:

Set 1: with vacuum cleaner

Set 2: with storage container and disposable gloves

Set 3: with vacuum cleaner and storage container

9 BREAD SLICING MACHINE

Separate tower with identical design for integration of bread slicing machine

· Bag insert for the provision of baked goods packaging

· Storage drawer for accessories

All units have a plinth panel and integrated bumper profile.

Clean and hygienic

Protection for your baked goods is provided by silent hygienic covers.

Easy to stock

Items are filled from either the front or the back, depending on your sales area or processes.

02.03 BakeOff® 2.1

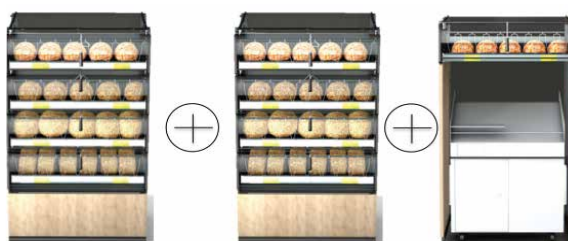

A system for the successful sale of baked goods

- › High product density and maximised filling volume
- › Best ergonomics for customers and shop personnel
- › Modular system offering flexibility for product range design

Modular design

Any number of towers can be put together in a row.
Each baked goods shelf can be divided into 2 or 3 areas of the same size using a glass divider.

Appealing colours and finishes

- 9 **BREAD SLICING MACHINE**
Separate tower with identical design for integrating a bread slicing machine.

BAKEOFF 2.1
Body wood finish Bardolino oak grey

Easy handling

Goods filling is tailored to your available space and can be carried out from the front as well as the back. For daily cleaning, an easily accessible vacuum cleaner is integrated into the service module.

Ideal for self-service!

Customers can remove goods effortlessly with just one hand. The baked goods are taken out with a bakery drawer and placed on the removal tray, then picked up using disposable gloves or bakery tongs.

02.04 BakeOff® light

Quick and easy access to baked goods

- › *Easy handling for customers and staff*
- › *Enticing product presentation*
- › *Can be cleverly combined with BakeOff 3.0*

Optimum visibility

Tilt-adjustable shelves ensure a perfect eye-catcher – your baked goods are always in the best light. The individually adjustable angle guarantees continuous forward sliding for maximum sales impact.

Flexible stocking

More comfort in everyday life. All BakeOff modules allow for quick and ergonomic refilling thanks to extendable shelves – ideal for continuous operation. Depending on the spatial situation, convenient loading from the rear is also possible.

Individually configured

Choose from three well-thought-out service sets – with vacuum cleaner, storage container or disposable gloves – entirely depending on your requirements. The equipment can be optimally adapted to your processes and spatial conditions.

02.05 Vitable®

Vitable® – see the freshness!

- › Ingenious simplicity and flexibility
- › Encourages more impulse buying
- › Outstanding hygiene concept

**NEW: Now with
plinth shelf**

VITABLE
with finish

VITABLE
with plinth shelf

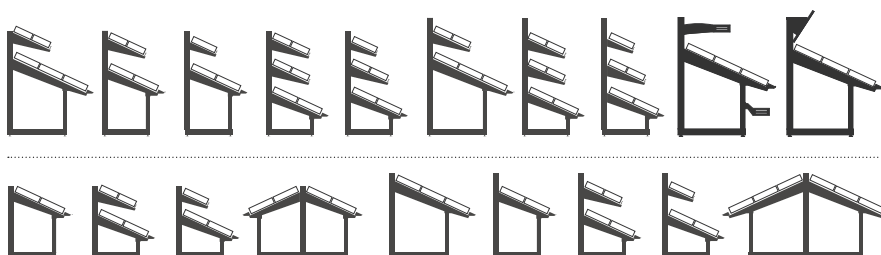

Standard design

With its modular design, the new Vitable offers a variety of configuration options. All Vitable units consist of the same shelf brackets in different depths. The Vitable is available as a gondola or wall unit, with an open or closed body.

In the closed version, the front section is an easy-to-open hygiene flap. All variants feature crate stoppers, which prevent the top fruit and vegetable crates from slipping when the lower section is being filled.

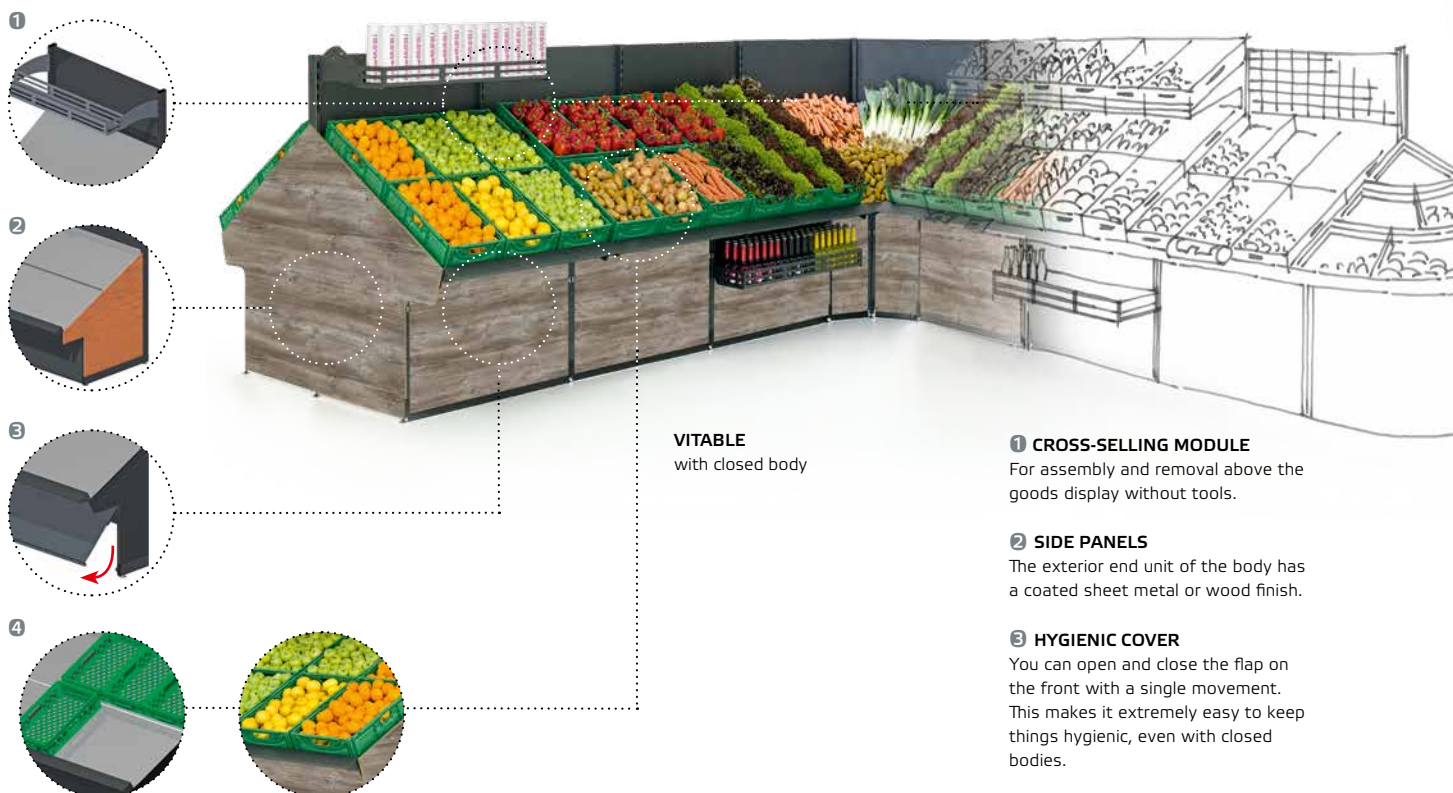

Flexible modular design

The basic Vitable elements are available in various depths and as a single, double or triple shelf system. Just what you need to make best use of your space.

02.05 Vitable®

■ **Whether in a city-centre store or in a large space, as a gondola or wall-mounted shelf:** the basic Vitable elements are available in various depths in bay widths of 1000 mm and 1250 mm and as a single, double or triple shelf system. Just what you need to make best use of your sales area.

VITABLE
with closed body

1 CROSS-SELLING MODULE

For assembly and removal above the goods display without tools.

2 SIDE PANELS

The exterior end unit of the body has a coated sheet metal or wood finish.

3 HYGIENIC COVER

You can open and close the flap on the front with a single movement. This makes it extremely easy to keep things hygienic, even with closed bodies.

4 CRATE STOPPER

Protects your back and fingernails – the crate stopper ensures that crates do not slide down.

Cleaner

Vitable uses a unique and impressive hygiene concept. Any places where fruit juice and debris could collect are easy for staff to reach. The hygienic cover means that this is also true even if the structure is closed.

Finishes

Wanzl offers a wide range of finishes to choose from for your new Vitable. Magnetic films with custom motifs are available for attaching to the hygienic cover and rear panel, with fast delivery and attractive terms.

02.06 POSSibility®

The ultimate revenue driver at the point of sale

- › Presenting 1000 possibilities on Wanzl's metal pallet system
- › 5 assembly positions for side panels allow for a host of ground plan variants
- › Space requirement: 1 Euro pallet

POSSIBILITY
Assembled according to
example C with accessories

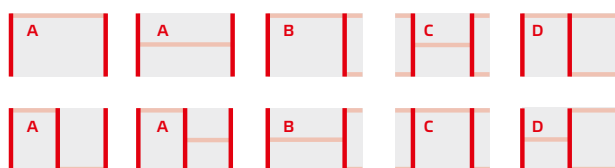

Standard design

Basic module made of metal pallet and 2 side panels. Metal pallet system made of square tubing, side panels made of round tubing frame with wire grate. Quick to assemble and disassemble, compact storage. Transport by low lift truck is also possible when loaded with products.

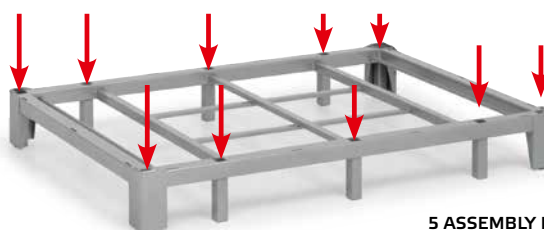

Dimensions (mm): W 1200 x D 800 x H 1850 (with crownner H 2150).

Finishes: All elements made of metal, plastic powder-coated in titanium grey 7084.

Side panels

Partitions and wing walls

5 ASSEMBLY POSITIONS
for side panels allow for a
host of ground plan variants.

02.06 POSSibility®

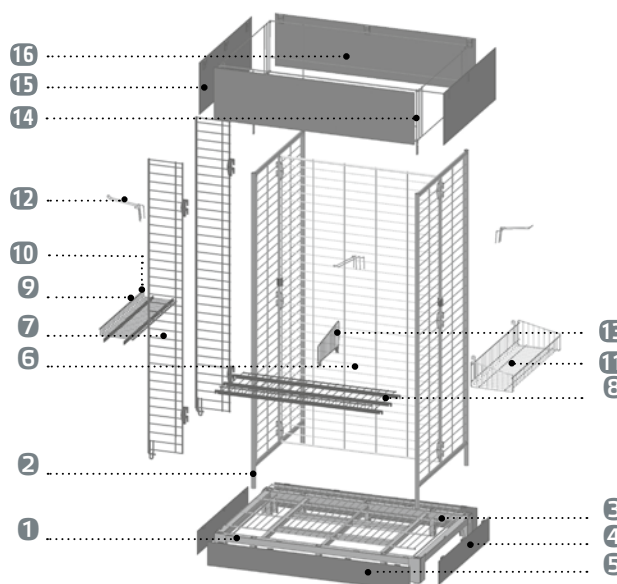

■ POSSibility has been specially designed for impulse buys and promotional placement.

The smart Wanzl metal pallet system in Euro pallet dimensions combined with wire and tubing elements form this extraordinarily versatile sales system.

SIDE PANELS AND CROWNER PANELS

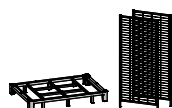

Perfect branding enhances sales in line with your product designs. Printing available on request.

Load capacity – all basket depths (kg)		40	50	50

Stackable with

	Basket depth 330 mm
	Basket depth 380 mm
	Basket depth 480 mm
	Basket depth 500 mm
	Basket depth 550 mm
	Basket depth 600 mm
	Basket depth 700 mm

Identical baskets with stacking tabs are always stackable. Baskets with a stacking tab and the same width are also stackable in stages.

Wanzl's shelf insert baskets are individual components that can be put together to form a complete stacking system.

There is a choice of baskets in three front widths and different heights and depths. Baskets of identical and different depths can be stacked offset.

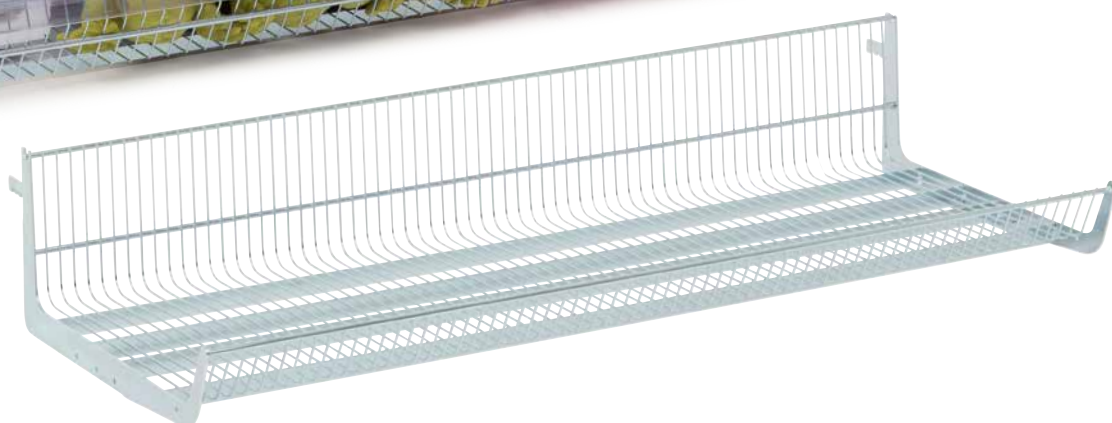

03.03 Hang-in basket systems

L series for normal loads, S series for heavy loads

- › *Endless variety of combination options*
- › *Complete freedom to arrange dividers – regardless of the shelf axis measurement*
- › *Optimal use of shelf space, no shelf surfaces required*

HANG-IN BASKET, L SERIES
for normal loads, figure with scanner
ticket strips, load capacity 60 kg

HANG-IN BASKET, S SERIES
for heavy loads,
load capacity 90 kg

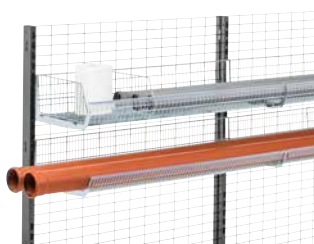

Standard design

Sturdy baskets, reinforced on base with upright flat steel bars. Shelf brackets with triple hooks make attachment particularly easy, in horizontal position or inclined at 4.5° or 9°.

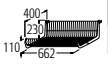

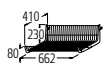

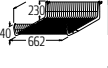

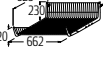

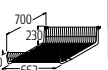

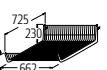

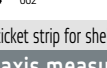

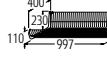

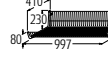

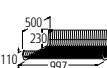

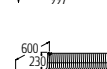

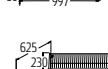

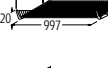

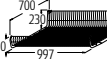

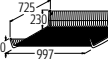

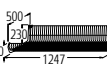

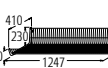

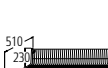

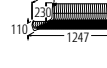

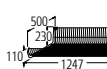

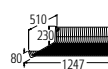

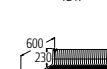

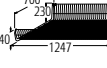

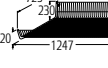

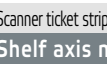

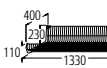

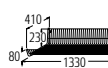

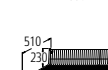

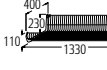

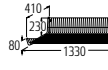

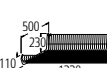

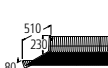

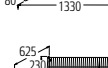

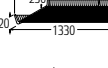

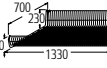

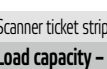

L series with 25 mm wire spacing for normal loads.
S series with 18 mm wire spacing for heavy loads.

Endless and variable

You have complete freedom when it comes to arranging goods on the shelving, as the insertion of dividers is not determined by the shelf axis measurement. The system offers endless and variable combination options.

Triple hooks

For tailored product presentation

4 basket depths

Enable staggered unloading

Divider

Divider intervals governed by the wire spacing of series:

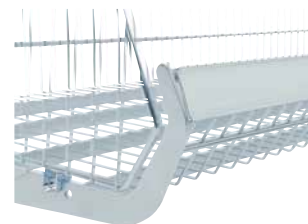

L series, 25 mm

S series, 18 mm

The perfect view

The scanner ticket strip, closely fitted and protected against damage.

* Offset baskets for heavy-duty shelves with supports available on request.

04 Product overview

04.01 Pallet boxes

01 PA-X

04.02 Pallet bars

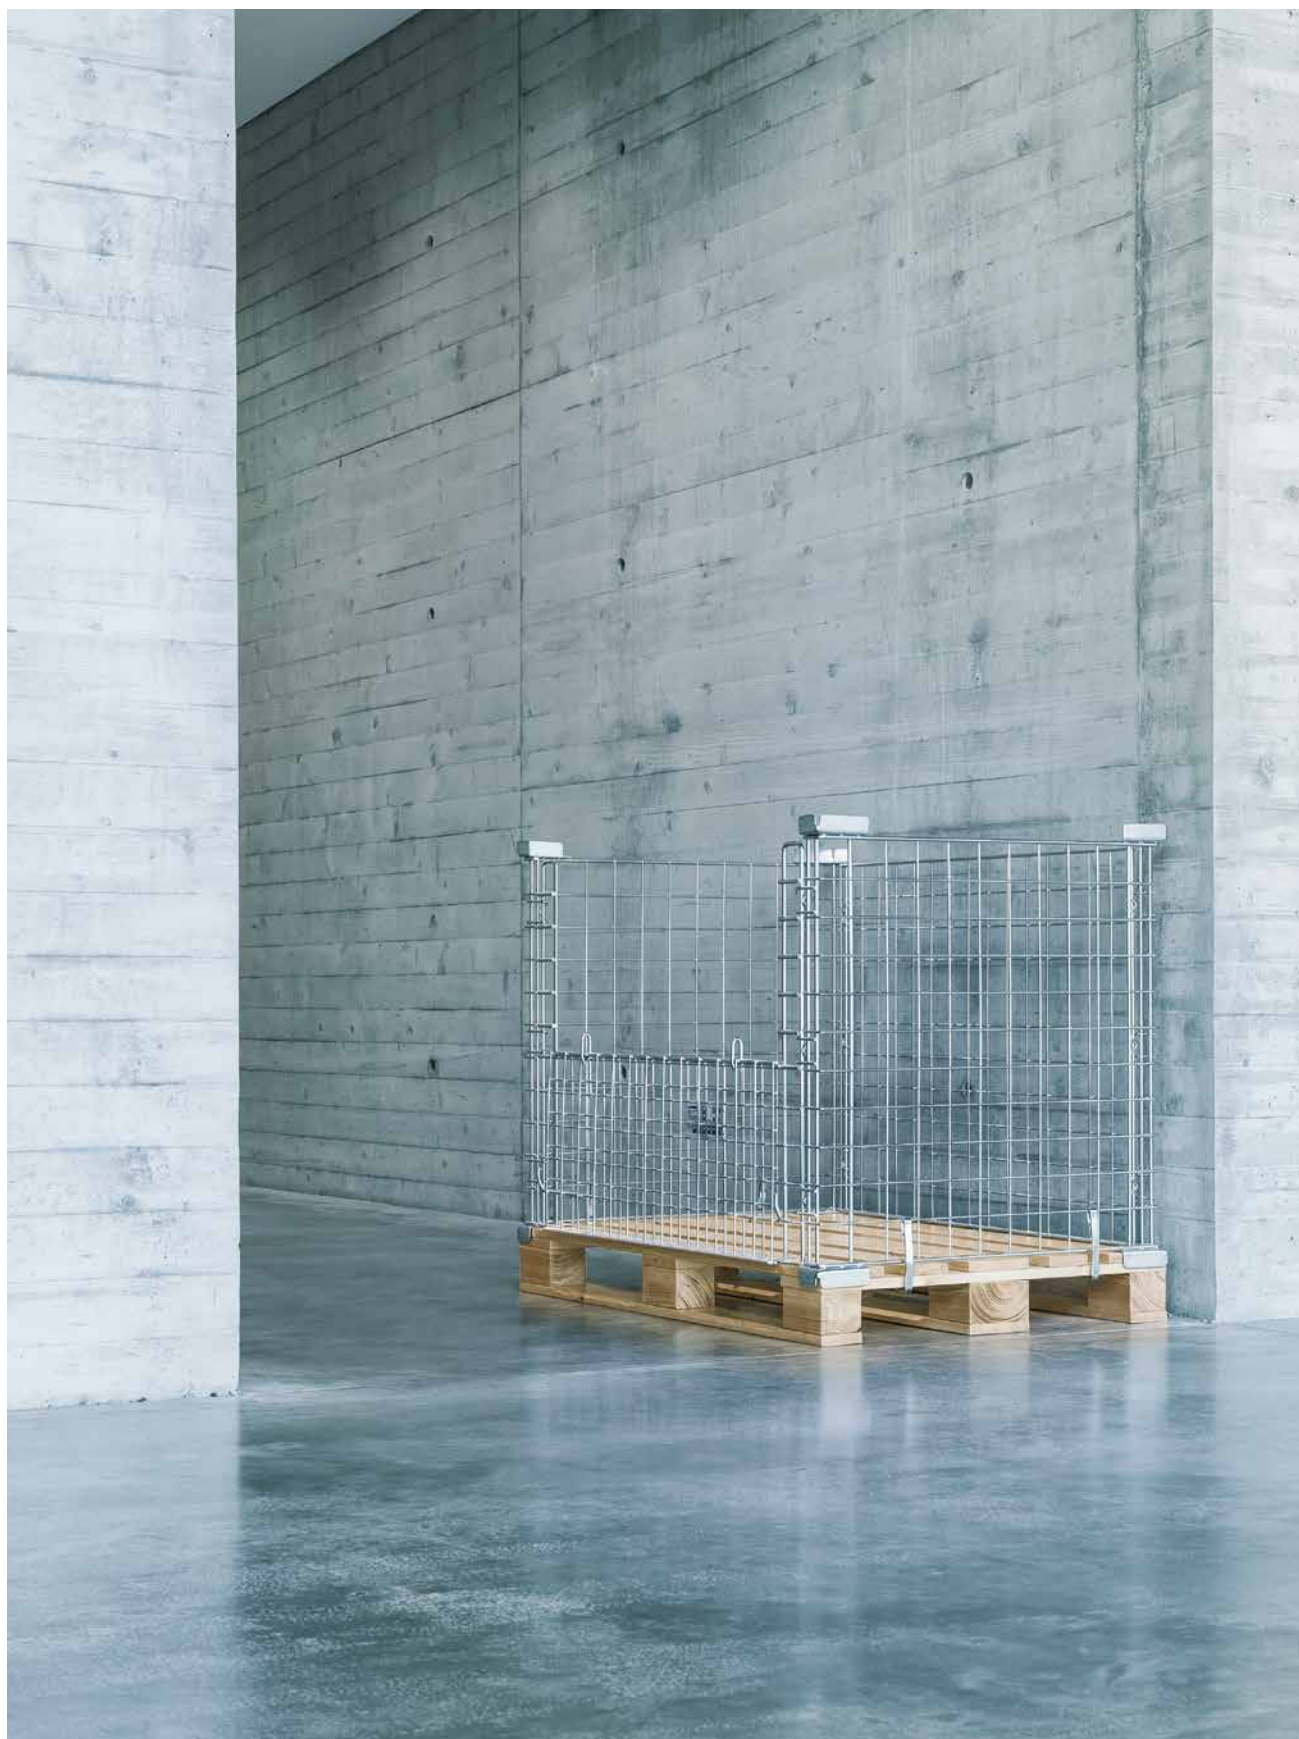

02 PALLET BAR TYPE 1

PALLET BAR TYPE 2

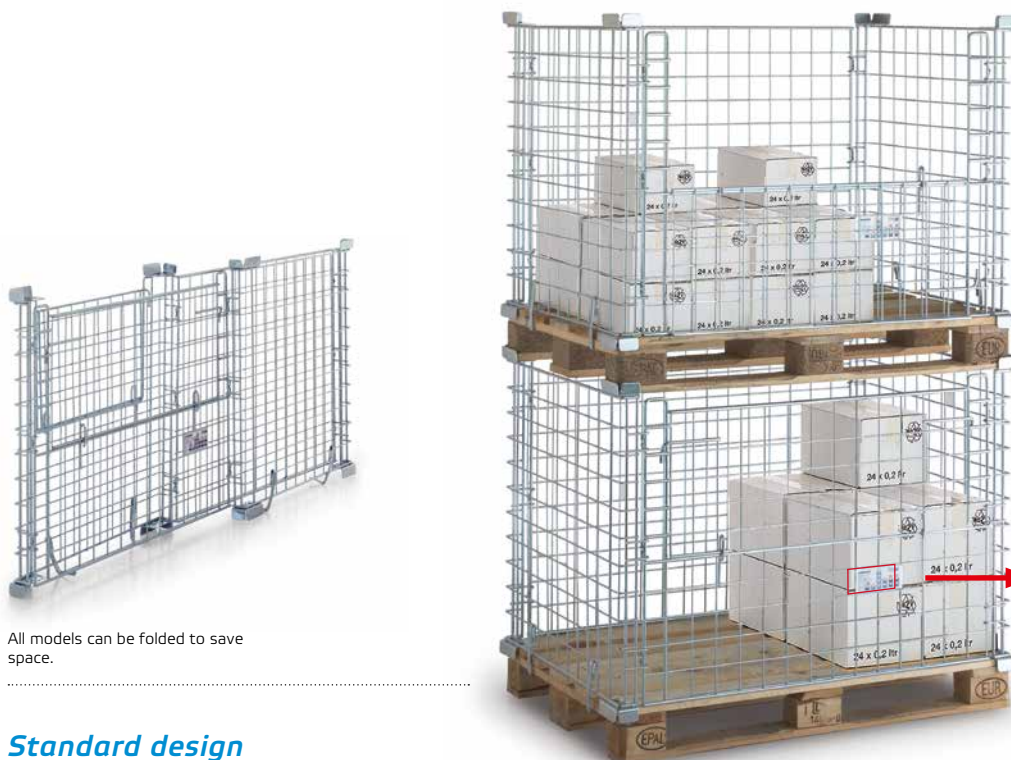

04 Pallet systems

04.01 PA-X pallet boxes

Versatile use with standard Euro pallets measuring 1200 x 800 mm

- > Robust construction
- > Can be stacked with Euro pallets or configured with mobile chassis
- > Can be folded flat to save space

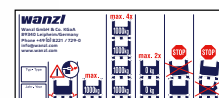

All models can be folded to save space.

PA-X1/S

Locking panel foldable on the long side, delivery without wooden pallet

SAFE HANDLING

Clear information on load capacity and stackability shown directly on the box

Standard design

PA-X/S series: Sturdy pallet boxes in folding or closed design. Secure thanks to stacking corners with large support surface. 2 retaining bars each on the narrow sides. Mesh size 70 x 70 mm. Also available in non-stackable version.

PA-X1/N: As PA-X1/S, but without stacking corners and retaining bar.

Castors: Swivel castors Ø 100 mm, incl. 2 with brakes.

Reliable fixture

Four latching bars on the narrow sides ensure secure fixing on the Euro pallet.

Safe stacking

Stacking corners with wide support surface and high edges prevent the box from slipping.

Divider (optional)

Fits all models with a closed lengthways side. Dimensions 715 x 725 mm. Mesh size 73 x 70 mm.

Intermediate grate (optional)

Fits all models. For variable attachment in 70 mm grid. High load capacity. Mesh size 25 x 125 mm.

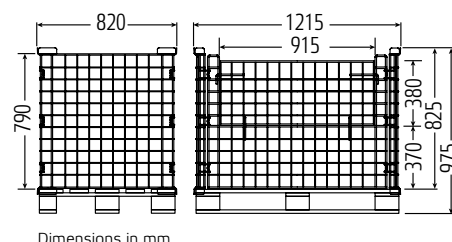

04.01 PA-X pallet boxes

■ The PA-X series is suitable for a variety of uses and is highly flexible: it can be closed on all four sides or folded in any direction – anything is possible.

Attachment basket

Fits stackable models with two closed narrow sides.
With scanner ticket strip.
On request.

04.02 Pallet bars

Highly robust and easy to use

- › For large-volume goods and high quantities
- › Ideal for promotions, e.g. in end cap position at the ends of shelving
- › Unobstructed access and simple removal

PALLET BAR TYPE 1
Height 820 mm,
hot galvanised

PALLET BAR TYPE 2
Height 995 mm,
plastic powder coating

Supplied without wooden
pallet

Standard design

Round tube frame with two sturdy central bars. Frame and support bracket are welded. Locking bar is angled on the upper tie bar. Retaining profiles for variable assembly on long or short side of the Euro pallet.

Arrangement options

Pallet bars, individual

Pallet bars in a row, lengthways

Pallet bars in a row, sideways

04.02 Pallet bars

■ **Large-volume goods and high quantities** can be transported safely from the production location to the sales area. Ideal for promotions in end cap position at the ends of shelving. Unobstructed access and simple removal of goods are steady factors in success.

Easy to use

The bars are easy to fit. The retaining bars grip underneath the central bar of the pallet.

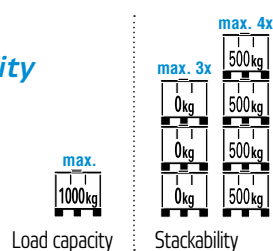

Safe stacking

The pallet blocks latch securely into the angled locking bar.
