

Caroline's Cart Request Form

My name is _____. I am the parent or caregiver for a senior or someone with special needs. I would like to make you aware of a product that would make it easier for us to shop in your store.

Traditional shopping carts are **not** a safe or suitable option for transporting older children and adults with disabilities, and trying to push a wheelchair and a shopping cart simultaneously is extremely difficult.

Caroline's Cart is the proven safe alternative to accommodate those with special needs from 35 to 250 lbs. It is a **critical resource** for families in your community. Please help to provide an inclusive and accessible shopping experience for everyone.

■ Benefits of getting this cart in your store include

Your Shoppers Are Safer—Safer shoppers means fewer accidents and insurance claims!

Customer Loyalty—Loyal, happy customers will shop longer, meaning more purchases and increased profits!

Promote Inclusion and Accessibility—The special needs community is the World's largest minority group.

Please consider purchasing one or two **Caroline's Carts** today! This cart will give seniors and children with special needs an equal opportunity shopping experience and help them be a part of everyday life in their community! You can contact me at _____

about this opportunity.
