Ben's Cart with head support

A fully inclusive shopping experience for children with disabilities

- > *Shopping trolley for disabled customers in stores with disabled access*
- > *Comfortable and robust seat with safety harness and head support, easy to clean*
- > *Fifth wheel for better manoeuvrability, one braked castor*

EL 212 BEN'S CART
Shopping trolley with
seat and safety belt

Design

Chassis made of robust flat oval pipe. Narrow-meshed basket made of steel wire. Seat surface made of steel wire with padded seat.

An extraordinary service

Focus on families: children with disabilities can join in on a trip to the shops.

Ben's Cart with height-adjustable head support

■ **Ben's Cart** is a shopping trolley designed for shopping with children with disabilities. The child can actively participate in the shopping journey without the parents having to arrange care for this period. This service offered by Wanzl makes it easier for customers to organise their daily shopping needs.

Function

Secure Ben's Cart behind the customer's car using the brake castor. Release the safety harness on the trolley and lift the child into the trolley. Fasten the safety restraint. Release the brake on the rear castor and away you go.

Park Ben's Cart

Place the child in the trolley

Fasten the safety belt

Child safety

The FireFly seat keeps the child safe and secure with padded head and side supports and torso-embracing harness.

Step

Two sturdy wire bows act as steps and a footrest, removing strain from the child's legs.

Finish

Seat made of soft, UV-resistant padding, easy to wash and very robust.

Easy to manoeuvre

With four steering castors and a fifth wheel, the trolley has good steering and can be turned on the spot.

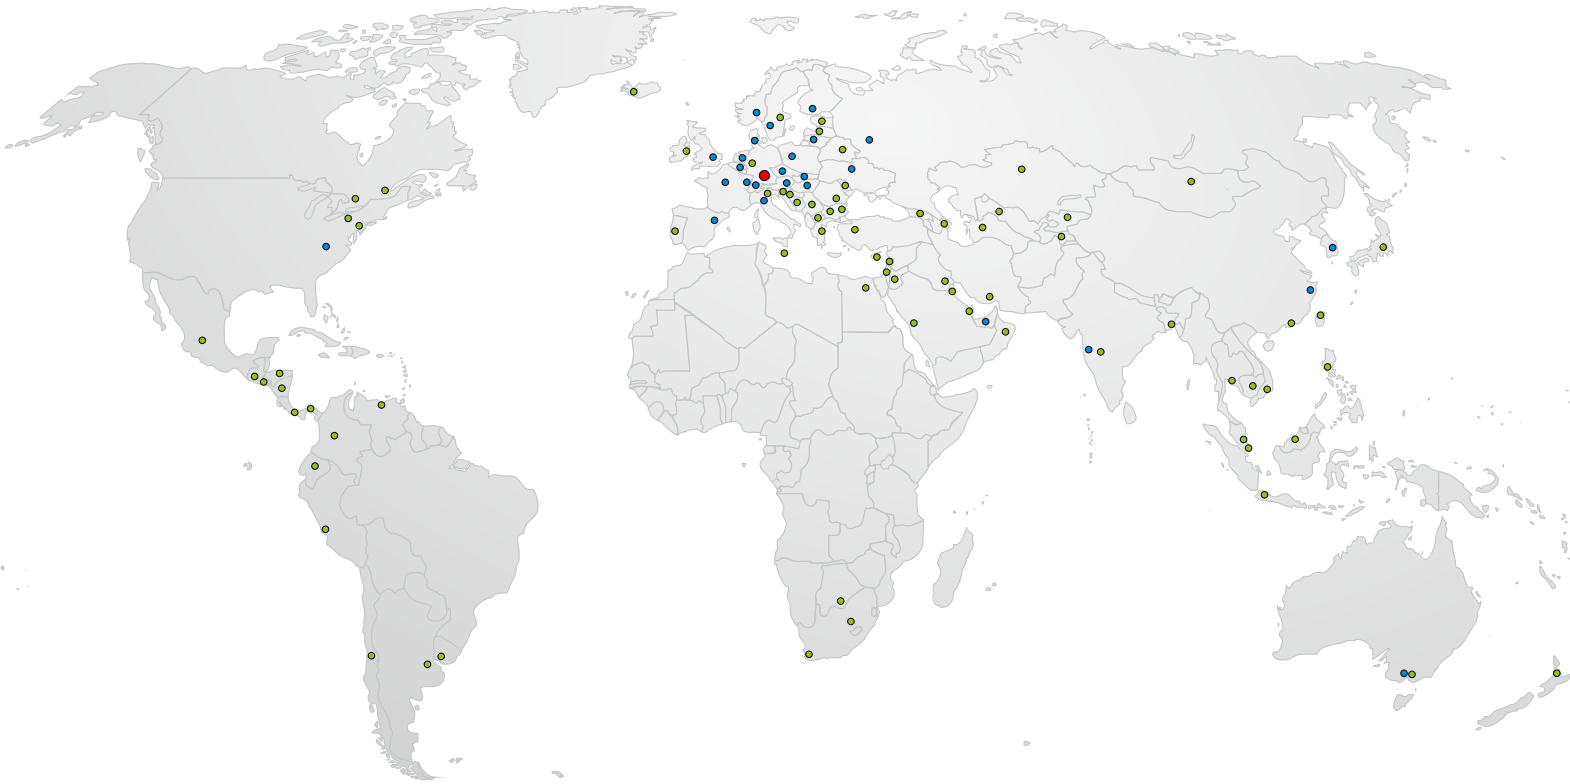

Standard design

Chassis made of robust flat oval tubing. Narrow-meshed basket made of steel wire. Seat surface made of steel wire with padded seat. Adjustable safety harness.

Finish: high-gloss galvanised and chrome-plated with baked-on plastic paint protection.

Castors: original Wanzl castors, 125 mm diameter, rubber tread, one castor with brake. Deflector rings to protect the trolley and store fittings. Fifth wheel, diameter 100 mm, rubber tread.
