

GT26 eco

The eco-friendly shopping basket.

GT26 eco

- > Basket made of 100% recycled material
- > Ergonomic design
- > Available in attractive colours

Eco inside

The basket of the GT26 eco is made entirely from environmentally friendly recycled material.

Attractive colours

With the four selected handle colours, each shopping basket becomes an eye-catcher.

Ergonomically shaped

The semicircular design allows the basket to be carried close to the body to lighten the load.

Even more individual

In addition to the standard designs, you can also customise the labelling and handle colour.

Handheld, mobile, convertible

When combined with the Pick-up, the GT26 eco becomes a small shopping trolley for spontaneous extra purchases. This makes transporting heavy goods like drinks crates as easy as transporting the shopping basket itself. The GT26 eco is a real alternative in smaller shops in particular.

Always ready

The practical Wanzl basket stacking trolley ensures neat and space-saving storage at all times.

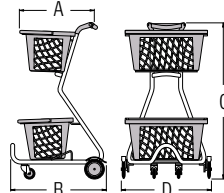

Two baskets in the Pick-up

Up to two shopping baskets can be held at once by the Pick-up and transported safely through the aisles, using tried and tested original Wanzl castors.

GT26 eco	Order no.	Dimensions
	GT26 eco 02.55823.07	A width (mm) 520
	Kowa ST 02.03907.10	B height (mm) 255
