

Service for travelator shopping trolleys

Safety from the very start

Wanzl Services

- > *Safety from the very start*
- > *Constantly ready for operation*
- > *Insurance cover documentation*

■ **From the very beginning**, the optimum functioning of your travelator shopping trolleys and regular monitoring of the whole system guarantee that the safety-related requirements are complied with and that the shopping trolleys are always ready for operation for your customers.

With our experienced team of specialists here at Wanzl, we offer you professional advice to assist with the selection of suitable products, commissioning, usage, maintenance, repair, monitoring and the relevant documentation.

Advice service

Safety from the very start

■ **Wanzl is happy to visit you on-site** in order to take into account the environmental situation when selecting the right system for you.

Ensuring the safety of shopping trolleys used on travelators depends on the key factors of appropriate components and correct user behaviour. When you opt for shopping trolleys and accessories from Wanzl you can rely on our tried-and-tested system for travelators. Our info signs, for example, provide your customers with information on correct usage.

INFO SIGNS forestall accidents and provide protection against possible liability claims.

Maintenance and repair service

Function and comfort – every time

■ **Wanzl forestalls problems**, irons out defects and keeps everything running smoothly, because only a fully functional shopping trolley can generate sales for your company.

Shopping trolleys used on travelators have to withstand very tough conditions. The regular testing of trolleys must thus be carried out according to the standard DIN EN NORM 1929. Daily visual inspections by the operator and professional maintenance carried out at least every six months are important aspects in the documentation for your insurance cover.

WANZL SERVICE TEST BADGE

The seal of quality for reliable and functioning shopping trolleys.

Spare part service

Guaranteed performance and safety

■ **Wanzl genuine spare parts are perfectly** coordinated with our shopping trolleys and with travelators. They guarantee optimum function and a long service life.

Genuine spare parts from Wanzl are manufactured in accordance with strict quality guidelines. Using Wanzl original spare parts ensures fault-free operating processes and smooth customer traffic. They also protect you against claims for liability arising due to product-related accidents.

BEST SPARE PARTS

Only genuine spare parts guarantee the highest safety.
